Robinson, of Tennessee, Consul at St. Thomas; Harrison Theobus, Postmaster at Old Point Comfort; Thos. Wm. Ward, Collector of Customs in the district of Corpus Christi, Texas; Benjamin C. Dixon, Postmaster at Jeffersonville, Indiana; Hiram Calkins, of Wisconsin, to be Receiver of public monies for the district of lands subject to sale at St. Croix, Wisconsid; John Burke, for district lands subject to sale at New Orleans; O. M. Murphy, Collector of Internal Revenue, Sixth district, Kentucky; Richard F. Miller, Associate Justice of the Supreme Court of Idaho; Constant K. Hall, Collector of Customs for the District of Texas.

NOMINATIONS REJECTED.

The Senate rejected the following nominations: James Hubbell, of Ohio, Minister to Ecuador; George Hibbard, Collector of Customs at Stonington, Conn.; Andrew J. Moulder, of California, Surveyor General of that State; Harvey Beckwith, Superintendent Branch Mint.

TAX ON BONDS.

The Committee of Ways and Means has agreed to report a bill in obedience to a resolution adopted by the House on Monday, to tax the interest on United States bonds ten per cent. The report will be made to-morrow.

INDIAN AFFAIRS.

[By Telegraph to the Pittsburgh Gazette.]

ST. LOUIS, July 1.—The steamer Benton arrived at Leavenworth from Upper Missouri, on Monday, with a cargo of 10,000 Buffalo robes, 8,000 wolf skins, and a large number of Deer, Elk, Antelope, Beaver, Mink and other skins, valued at $70,000. Buffalo are very plenty this season, and all kinds of furs and peltries better than ever before known.

The Indians were still troublesome along the river, wreaking their vengeance generally on wood choppers and wolf poisoners, who they say are driving off their game. They do not disturb traders. A large body of Indians are watching the wreck of the steamer Amelia Poe, waiting for the river to fall so that they can rifle it. The heavy rise is coming down the river. Majors Bowen and Hanna went up on the Benton and paid the troops at Forts Buford, Sully, Rice, Stephenson, Berthold and Muscle Shell, and Camp Cook. They had about $800,000 with them.

NEW YORK.

Democratic Convention—Organization of Delegations—Pendleton the Strongest Man—Hendricks Refuses to be a Candidate—Chase Scarcely Heard Of—Southern Delegates Surprised—Rumored Combination Against Pendleton.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, July 1.—Delegates to the Democratic Convention are still arriving. The Pendleton escort are expected this afternoon. The indications to-day seem to point to Chase or Hendricks. The New York delegation held a meeting at the St. Nicholas at noon, and informally resolved to support Seymour for President. It seems certain, however, that Seymour's name will not be pressed, as he personally don't desire the nomination. August Belmont was elected delegate in place of Charles E. Loew, resigned. The Kentucky delegation also held an informal meeting at the New York Hotel, and resolved to support Pendleton. A large majority of the delegates have not yet arrived.

Tammany Hall presents a fine appearance: the seats are all arranged, and the final touch is being put to the affair to-day. The shields of all the States are in position and the galleries are festooned with American flags, &c.

The delegates to the Soldiers and Sailors' Convention meet to-night to organize a grand procession on the Fourth.

Reports continue to reach here by Southern delegates that the President is about to issue a general amnesty.

The Ohio delegation to the Democractic Convention met at the Fifth Avenue Hotel to-day. Thirty-five of the forty two delegates were present. Entire harmony characterized the proceedings. Col. McCook was elected permanent chairman, and Mr. Morrison Foster, of Cleveland, Secretary. It was decided to hold daily meetings until the assemblage of the Convention. Committeemen will be selected to-morrow.

The meeting of the Kentucky delegation was postponed till to-morrow, owing to the non-arrival of a large portion of the delegation.

Samuel J. Tilden was to-day chosen Chairman of the New York delegation.

It is understood that Mr. Seymour stated to-day to some members of the delegation that he had pledged his honor not to be a candidate, and under no circumstances would he accept the nomination.

The Indiana delegation held a meeting at the Fifth Avenue Hotel to-day, and resolved to sustain Pendleton as long as Ohio does.

An official order from August Belmont says that tickets of admission to the Convention will be changed every day.

A few Southern delegates have expressed themselves in favor of Chase. The supporters of Gen. Hancock held a small meeting to-night at Masonic Hall. T. E. Tomlinson was speaker.

Among the arrivals of delegates to the Soldiers and Sailors' Convention are: Gens. James McQuade, D. Kirby Smith, Gordon Granger, J. B. Steadman, John Lane, Hugh Cameron, E. W. Morgan, E. W. Brewer and John A. McClernand.

The name of Senator Hendricks continues extremely prominent in connection with the Presidency. That of Governor English, of Connecticut, is much talked of. The soldiers and sailors will nominate Hancock, but will probably be well satisfied if he is named for the Vice Presidency by the Democrats.

Midnight.—Delegates to the National Convention continue to arrive, including many from the West.

At a meeting of the Soldiers and Sailors' General Committee, held to-night at Moffatt Mansion, Generals Slocum and Steadman were present. The majority favored the nomination of Gen Hancock, but some Western delegates supported Gen. Blair. The Indiana delegation have received a letter from Senator Hendricks absolutely declining to be a candidate, after its recent meeting held, at which the delegation resolved to support Pendleton as long as Ohio does. There seems to be a great change in the sentiment of Southern delegates in regard to Chase. Many say they supposed his nomination a foregone conclusion, and are astonished at the small support he receives from the Eastern and Western delegates. Pendleton is now the favorite. It is rumored there is a combination between Pennsylvania, New York, New England and New Jersey to kill off Pendleton. He has, however, many friends among the delegates from those States. The name of Senator Doolittle is mentioned in connection with the Vice Presidency.

Hon. W. W. Eaton, of Hartford, will probably be temporary Chairman of the Convention.

Judge Thurman, of Ohio, accompanied by a large number of Pendletonians, arrived here to-night.

Hon. A. W. Richardson, of Illinois, is mentioned as a possible Chairman. It appears to-night to look much in favor of Pendleton.

RATIFICATION MASS MEETING.

An immense mass meeting of Republicans was held to-night at Cooper Institute. Speeches were made by Senator Wilson and General Van Wyck. General Logan was not present, owing to the death of his brother.

JEROME PARK RACES.

The two year old stakes were won by Cameron's "Old Calabre," beating three others; distance five furlongs: time 1.04¾. The one thousand dollar premium, all ages, two mile heats, was won by Pennock's "James A. Connelly," beating "R. B. Connelly" and "Fleetwing;" time 3.45¾. The Welter cap, one mile, was won by Cameron's "Birague," beating "Free Lance," "Arlington Rooks" and "Rebel;" time 1.56¼. The selling stakes, one and three-fourth miles, were won by "Redwing," beating "Jubal;" time 3.05.

THE SCHUTZENFEST.

The shooting at Jones' wood was resumed this morning and continued all day. Senator Wilson was among the visitors, who numbered from eight to ten thousand. This evening there was a concert by the Colonia Society.

SHIPMENT OF RAILROAD IRON.

The steamer Arizona, which sailed to-day, took thirty tons of railroad iron, the first shipment of the kind by steam.

Peter Tracey, keeper of a saloon in the Bowery, was shot dead yesterday by Emil Zensman.

Counterfeit twenties from fives are in circulation.

FLORIDA.

Gov. Reed Takes Charge of Affairs—Military Government Ended.

[By Telegraph to the Pittsburgh Gazette.]

TALLAHASSEE, July 1.—Gov. Reed received the surrender of the State government to-day from Gov. Walker, in compliance with an order from Gen. Meade. According to General Order No. 92, from Atlanta, dated yesterday, military government ceases in the State, and commanders of sub-districts are ordered to abstain from interference with the civil law upon any pretext whatever. As no appointments have been made for State and county officers, the old ones will hold over till appointments are made by Gov. Reed and confirmations by the Legislature, which meets on the 7th inst.

Banquet to Cyrus W. Field—The Case of the Confederate Iron Clads Built in France—Protest Against the Naturalization Treaty With Germany.

[By Telegraph to the Pittsburgh Gazette.]

GREAT BRITAIN.

LONDON, July 1.—A grand banquet was given at Willis Rooms this evening to Cyrus W. Field, as an acknowledgment of his eminent services to the New and Old World by his devotion to the interests of the Atlantic telegraph through circumstances of protracted difficulty. The Duke of Argyle was chairman. Over three hundred gentlemen were present, among whom were Earl Russell, Sr., John Packington, Sir Stafford Northcote, and many other distinguished guests.

FRANCE.

PARIS, July 1.—The case of the United States vs. Armands, builders of the Confederate iron clads, came before the Court to-day. M. Berrier, as counsel for the United States, opened the case. He charged the Messrs. Armands with having violated their own pledges and with acting in bad faith to all parties. By their conduct they had exposed France at a critical moment to the risk of a war with the United States. He recited the facts of the case and showed that the allegations that efforts had been made to sell the vessels built for the Confederate Government to other powers were false. He demanded that all the contractors, builders and others concerned in this business should be compelled to refund the money stolen from private pockets. The Advocate General will reply on the 8th.

In the Corps Legislatiff to-day the debate on the budget was continued. M. Thiers made a speech in which he deplored the military preparations still going on, and feared the outbreak of war and consequent national bankruptcy.

GERMANY.

BERLIN, July 1.—Some Americans in Wurseburg, Bavaria, have protested against the fourth article of the naturalization law with the United States, just ratified by Bavaria. They say the construction given to the article by Minister Bancroft is not sustained by the text of the treaty.

LOUISIANA.

Proceedings of the Legislature--Precaution Against Disturbances---The Test Oath Discarded.

[By Telegraph to the Pittsburgh Gazette.]

NEW ORLEANS, July 1.—This morning, before the hour for assembling of the Legislature, a section of artillery and a squadron of cavalry prepared for service, occupied Lafayette square. Two companies of the First Infantry, commanded by Captain Veile, occupied the side walk fronting the Mechanics Institute, and a large body of police were on duty in and around the building. No one was allowed to approach who could not give a good account of his business. Appearances indicated that trouble was expected. Col. Gintry and Gen. Mill, of Gen. Buchanan's staff, were also present.

The Senate was called to order at a quarter past 12. But few Democrats were present. The roll of only members who took the test oath, including Campbell, who was seated yesterday, was called. After the minutes were read, the Committee to which Gen. Buchanan's order was referred yesterday, reported that they were of the opinion that the action of the President in requiring members to take the test oath should be fully sustained. A due respect, however, to the wishes of the General Commanding the armies of the United States, induced the Committee to recommend a discontinuance of the test oath, and hereafter members be allowed to qualify in accordance with the Constitution of the State. A motion that the first paragraph be stricken out created considerable discussion and was finally tabled.

The report was adopted as it came from the Committee.

A motion was made that the roll furnished by the Commanding General be called of all the members wishing to be sworn in under the Constitution. On calling the roll the name of Sambola, ousted yesterday by the Election Committee, was omitted, though he presented himself to be sworn in. Fifteen Democratic Senators took the Constitutional oath.

Several motions were offered, when Mr. Lynch called their attention to article fifteen of the Constitution, which states that no action of any kind can be taken by the Legislature until action was taken upon the fourteenth Constitutional amendment.

The Committee on Elections were discharged that a new one might be appointed, in which the Democratic side would be represented. Mr. Sambola will probably take his seat to-morrow, and contests for seats proceed regularly.

The House proceedings were of a similar nature, but showed more opposition to dispensing with the test oath. Only the names of those who had previously taken the test oath were called on assembling. Subsequently, when the roll was called of those elected who had not been qualified, but three were qualified under the Constitution, but more will probably do so to-morrow. The House permanently organized by the election of Charles W. Lowell, white, Speaker, and adopted a resolution ratifying the fourteenth amendment by fifty-seven ayes to three nays.

A resolution was offered by Pope W. Nalle, one of three Democrats who qualified that the roll of members as returned by Gen. Buchanan be called and the members qualified, whether seats are contested or not, which was tabled.

It is stated authoritatively that the application for the presence of military was made by two Democratic Senators elect,

FORTIETH CONGRESS.

Late Rebel States and the Coming Presidential Election---Civil Appropriation Bill--The Alaska Treaty Discussed in the House.

[By Telegraph to Pittsburgh Gazette.]

WASHINGTON, July 1, 1868.

SENATE.

After the transaction of some unimportant business,

MR. EDMUNDS called up the joint resolution reported from the Judiciary Committee, as follows: *Resolved, &c.*, That the States of Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas and Texas, respectively, shall not be entitled to representation in the Electoral College for choice of President or Vice President of the United States, and that no electoral votes shall be received or counted from any such States, unless at the time prescribed by law for the choice of electors the people of such States, pursuant to the acts of Congress in that behalf, shall since the 4th of March, 1865, have adopted a Constitution of State Government, under which a State Government shall have been organized and shall be in operation, and unless such election of electors shall have been held under the authority of such Constitution and government, and such States shall have also become entitled to representation in Congress pursuant to the acts of Congress in that behalf.

Mr. TRUMBULL regarded it as of much importance that Congress should take some action on the subject of the votes of late rebel States. If a count in the electoral College should be made excluding these States, the party against whom the count would operate, would be very apt to claim that unfairness had been exercised, and from that cause, if any could make it possible, another rebellion might result.

Mr. TRUMBULL continued his argument at length, basing his opposition principally on the fact that the resolution would exclude Arkansas and Florida in its operations, those States having the same votes as Illinois and Vermont, and contending also that the clause which prescribes that the election of electors shall be held under the authority of the State Constitution was improper and absurd, since by the Constitution of the United States the manner of choosing was to be regulated simply by the laws of the respective States. In conclusion he offered an amendment to strike out from the resolution the words Arkansas and Florida.

Mr. DAVIS rose to speak, but the morning hour having expired,

Mr. MORRILL, Me., called for the order of the day, the Civil Appropriation bill.

Mr. EDMUNDS moved to lay it aside for the purpose of continuing his bill. Rejected—19 to 20.

A night session was ordered for the consideration of private bills.

The Civil Appropriation bill was taken up. The question was on Mr. Sherman's amendment to place the funding bill as a rider upon the appropriation bill.

Mr. SHERMAN withdrew his amendment at the request of a number of Senators, with the understanding that it would be taken up as a separate bill. He gave notice to that effect.

Several amendments were offered and adopted, including one appropriating $4,800 for surveying the boundary between Nebraska and Colorado. The appropriation for surveying public lands in Nevada was increased to $50,000. An appropriation of $20,000 was made for a similar purpose in Florida.

On motion of Mr. CRAGIN, $6,000 additional was appropriated for the balance of expenses of impeachment trial.

On motion of Mr. ANTHONY, an amendment was adopted repealing all laws regulating the price of labor in the Government Printing Office, and allowing the Superintendent to make contracts.

Mr. ANTHONY stated the employés there were now paid thirty-three per cent. more than the same class in other cities.

Mr. PATTERSON (N. H.) offered an amendment directing the Secretary of the Treasury, for the purpose of carrying out the Ashburton treaty, to pay the State of Maine one dollar and a quarter per acre for 91,122 acres of land, and the State of Massachusetts one dollar and a quarter per acre for 2.165 acres, provided those States agree all claims by settlers shall have been quieted by the release of title.

After considerable discussion, and a pending motion for Executive session,

Mr. CONKLING introduced a bill relative to the finding of indictments in Courts within rebel States. Referred to Committee on Judiciary.

After a short Executive session, the Senate took a recess.

Evening Session.—Several unimportant bills were passed, mainly of a private nature, including one for the relief of the widow and children of General Mulligan. Adjourned.

HOUSE OF REPRESENTATIVES.

Mr. BLAINE, of Missouri, asked leave to offer a resolution instructing the Committee of Ways and Means to inquire into the expediency of reporting a funding bill providing for the consolidation of all bonded indebtedness of the United States into five per cent. ten year bonds and four and one-half per cent. thirty year bonds, and four cent. interminable annuities, holders of outstanding bonds to have the choice of these forms of security.

Mr. POMEROY objected.

Mr. SCHOFIELD, from the Committee on Elections, reported Chas. M. Hamilton, of Florida, entitled to a seat. Agreed to and Mr. Hamilton was sworn.

The bill reported in the morning hour yesterday by Mr. Boutwell, from the Judiciary Committee, regulating judicial proceedings in certain cases for the protection of officers and agents of the Government and for the better defense of the Treasury against unlawful claims, was passed.

Several private bills were passed.

Mr. WASHBURNE, of Illinois, gave notice he would move to-morrow to postpone the bill making an appropriation for the Russian Treaty, and to take up the deficiency bill.

Mr. BANKS proposed a vote be taken on Thursday of next week. In the meantime debate may be considered as not closed.

Mr. ARNELL offered a resolution calling on the Secretary of War for a report relative to Freedmen's affairs in Tennessee and Kentucky. Adopted.

The House at 1:30 went into Committee of the Whole, Mr. GARFIELD in the Chair, and resumed the consideration of the bill appropriating $7,200,000 in coin to carry into effect the treaty for the acquisition of Russian America.

Mr. WASHBURNE, Wisconsin, addressed the Committee in opposition two hours.

Mr. ELIOT moved to amend the bill by inserting a provision that no purchase in behalf of the United States of foreign territory shall be hereafter made until after provision by law for its payment, and declaring that the treaty making power does not include any power to complete the purchase of territory before the necessary appropriation is made therefor by act of Congress.

Mr. MUNGEN said he was authorized to make a proposition on the part of a company of gentlemen to pay within twenty days into the Treasury of the United States ten millions of gold, they taking the fee simple of the territory of Alaska and leaving the eminent domain in the Government of the United States.

Mr. MUNGEN made a few remarks to the effect that the power to make treaties was in the President and Senate.

Mr. PRICE spoke in opposition to the bill.

Mr. DONNELLY sustained the appropriation, while contending the House had full power to make or refuse it.

Mr. SHELLABARGER argued against, and Mr. STEVENS, of Pa., in favor of the bill.

The Committee rose and the House took a recess.

Evening Session.—Mr. MOORHEAD, from the Committee on Ways and Means, reported back the Tariff bill, and asked it be printed and made the special order for Friday.

Mr. MARSHALL objected to its being made the special order.

The bill was ordered printed.

The House again went into Committee of the Whole on the Alaska bill.

Messrs. MAYNARD and MYERS advocated the bill.

Messrs. FERRIS and PETERS opposed the bill, and

Mr. MULLINS made an argument, showing that he occupied a conservative position on the question.

The Committee rose and the House adjourned.

ST. LOUIS.

Steamboat Snagged and Burned—Revenue Frauds.

[By Telegraph to the Pittsburgh Gazette.]

ST. LOUIS, July 1.—The steamer Sam Gaty, hence to Omaha, when opposite Arrow Rock, Mo., Monday night, struck a snag which careened her so that her lamps upset, and she caught fire and burned to the water's edge, and together with the cargo was a total loss. The boat was owned by Captains Ben. Johnson and Fred. Doyer; value and insurance not ascertained.

Wm. H. Powell, until recently a Government tobacco inspector in this district, was arrested a day or two ago, charged with conspiring with several tobacco manufacturers to defraud the Government. He was arraigned to-day before the United States Commissioner and held in seven thousand dollars bonds.

Since the investigation of the tobacco frauds commenced, the quantity of tobacco reported as inspected by one inspector alone has increased from seventy-two thousand pounds in April to one hundred and fourteen thousand pounds in May.

During the past month proceedings have been instituted in the United States Courts against eight hundred barrels of distilled spirits, fifty-nine barrels of alcohol, twenty-six hundred and twenty-seven caddies of tobacco, and four tobacco factories, including machinery, &c., worth many thousands of dollars.

TENNESSEE.

The Bank Excitement—Medical College Case—Unfavorable Cotton Reports—Merchants National Bank of Memphis.

[By Telegraph to the Pittsburgh Gazette.]

NASHVILLE, July 1.—The excitement about the Tennessee bonds is unabated. The State Comptroller and bankers refuse to cash coupons due to-day. A call of the Legislature to repudiate the bonds and create a school fund of railroad debt is talked of.

W. B. Stokes has been renominated for Congress by the District Convention, and W. W. Woodcock, Elector for the District.

The Chancery Court of Davidson county to-day rendered a decision in the Medical College case in favor of the plaintiffs. Dr. Jennings and others are removed and the professors and others substituted.

MEMPHIS, July 1.—Reports of cotton in Arkansas are less favorable in consequence of the late cool weather.

The stockholders of the Merchants National Bank have made arrangements for continuing operations. The bank records show less than ten thousand due depositors. A Committee has gone to Washington to consult with the Comptroller of Currency in regard to allowing the bank to continue.

The Supreme Court of Tennessee has at length given a formal decision in the *Avalanche* contempt case, declaring Judge Hunter's orders in the case will and void.

The Mississippi Elections.

[By Telegraph to the Pittsburgh Gazette.]

JACKSON, July 1.—Forty-seven of sixty-one counties return a majority against the Constitution of thirteen thousand six hundred and ninety-five. Four of the remaining counties will return a majority for the Constitution. No case of violence is yet reported from any portion of the State during the progress of the election. This county, with a registered black majority of seventeen hundred, gave but two hundred and twenty-nine Radical majority. Lowdens county, with a registered black majority of three thousand, returns but twelve hundred Radical majority.

Man Smothered—Killed by Lightning—Fatal Fall.

[By Telegraph to the Pittsburgh Gazette.]

CINCINNATI, July 1.—A German named Schlatman was smothered in a privy vault last night from the effects of foul gas.

A man named Boyd, an employé of the Marietta and Cincinnati Railroad, was killed by lightning in a family at Zelaska to-day.

A young man named Darling fell forty feet from an abutment of the Locks, near Frankfort, Ky., this morning, crushing in his skull and killing him instantly.

An Old Woman Suffocated

[By Telegraph to the Pittsburgh Gazette.]

ROCKLDND, Me., July 1.—A small dwelling house was burned this morning, and Miss Eliza Ingraham, an elderly woman, the only occupant, was suffocated.

Buffalo Market.

[By Telegraph to the Pittsburgh Gazette.]

BUFFALO, July 1.—Receipts—27,000 bus wheat, 56,000 bus corn, 116,000 bus oats. Shipments—22,000 bus wheat, 40,000 bus corn, 10,000 bus oats. Freights unchanged. Flour dull. Wheat; buyers offer $1,80 for No. 2 spring; held at $1,90, with little demand. Corn dull, with sales of 21,000 bus No. 1 and 2 mixed at 91c, and 2,000 bus No. 2 at 89a90c. Oats nominally 74c on the spot and 73c to arrive. Mess Pork $28,25a28,50. Lard 17½a18c. Barley nominal. Rye nearly bare and nominal.

New Orleans Market.

[By Telegraph to the Pittsburgh Gazette.]

NEW ORLEANS, July 1.—Cotton firm; middling 29c; sales 363 bales; receipts 15 bales; exports 45 bales. Flour firmer; superfine $7; XXX, $9. Corn firmer at 95c. Oats quiet at 70c. Hay unchanged. Mess pork dull at $29. Bacon—shoulders 13c; clear sides 17c. Lard 18a20c.

LINES TO MISS A——.

There is a charm in the smile of a lady,
A spell in her dark, dancing eye:
There is a wonderful magic about her,
A conquering power in her sigh.

There are words that will linger forever,
Engraved on the tablet of heart,
When they fall from the lips of a fair one,
And melt with the tears that they start.

There are thoughts that are born in an instant,
Impressions that cling to the soul,
That in seasons of trouble and sorrow,
Will soon make the wounded heart whole.

Kind memory has painted thy picture,
On the unfading canvas of mind,
There it hangs in the soul's inner chamber,
Around it affection is twined.

If the shadow were only the substance,
The glimmering thought not a dream!
A kingdom, a fortune, a home and a heart,
To have things be just what they seem.

—Senator Morton is said to be the handsomest man in the Senate and it is also said that he is to espouse the belle of Baltimore.

—Parepa gave his first concert in San Francisco Saturday night. The audience, like the singer, was large and enthusiastic.—*Chicago Post.*

—15,000 persons from New York summer at Long Branch, which pleasant place has sadly disjointed the nasal organ of aristocratic Newport.

—Le Grand Lockwood is putting up a house at Norwalk which is to cost him $750,000. Wonder who will occupy it when Lockwood is dead?

—Lester Wallack is at Long Branch with a very *swell* drag to which he harnesses four *nobby* horses, which he drives about in the most gushing manner.

—Prof. Stowe is going to Spain, and perhaps Harriet B., his spouse, may go with him. If so, look out for some Hispanian epistles in the *Atlantic*.

—Chicago is called the metropolis of push, Boston the metropolis of mush, while New York lays claim to the metropolitan titles of gush, rush and crush.

—Lewis Brunswick, a lad of 16 years, was drowned on Saturday, while bathing in the Licking River opposite Cincinnati. He was a son of J. M. Brunswick of billiard table renown.

—The New York *Leader* says the theft of molasses is a syrup-titious act, and by the way surreptitious seems to be rather a hard word to pronounce, as we know one man who calls it surriptious.

—A Democrat of this city, who does not like the idea of Chase as a candidate, says that he thinks if they take outside candidates at all he thinks Horace Greely and Blind Tom would be the best ticket.

—Edward A. Pollard wrote "The Lost Cause." John Milton wrote "Paradise Lost." Edward A. Pollard has written "The Lost Cause regained." J. M. Worth "Paradise Regained." Put Lucifer and Jeff. Davis side by side, and the parallel is complete.

—During the last three years Chauncey and Henry Rose, two wealthy citizens of New York, unostentatiously distributed among the various charities of that city, $1,150,000, or about $1,000 a day.

—Chicago is so hot and dusty that an enraged traveller says it may be all very well to *say* "See Naples and die," but that if you see Chicago now you probably *will* die, unless you were brought up in a desert.

—If they are not all sea-sick, they ought to be having an entertaining time on board the Ville de Paris, for the entertainments of Ristori, La Grange and Tostee are well known and they are all three on board.

—Andrew Johnson and John Morrissy had an interview on Sunday. Comparatively speaking Morissey is respectable, and we don't know what he could have been thinking of to thus engdanger his reputation.

—Gen. Mac Mahon, the new Minister to Mexico, was Gen. Sedgwick's Chief of staff. He is an out and out Democrat, and an ardent admirer and intimate friend of Horatio Seymour. His home is in Central New York.

—An energetic mother in Cincinnati spanked her darling child the other day until she broke her arm, and the darling child was glad of it, as it rendered it improbable that his maternal relative would soon again be able to use the rod.

—The New York Master Masons have formed a protective union of their own and decided not to employ any man who belongs to the Bricklayers' Union. This is an instance of the truth of the old saw—that two can play at any game.

—The renowned Mazeppist has seen fit to change her name so often that a respectable journalist can hardly be expected to keep the run of them all, and the New York *Citizen* evades this little difficulty by speaking of her as "Adah Isaacs Menken and others."

—Scott and Graham, and Pierce and King, were once the rallying cries of the two great parties in this country. Scott is dead and King is dead. Pierce is worse than dead, but what has become of Graham? And yet it is only sixteen years since these names were household words.

—Two yonng girls, a Miss Griffin and Miss Costley, about eleven and twelve years of age, were bathing in the Colorado River, some six or seven miles below Austin, Texas, when becoming alarmed by approaching footsteps, they hastily got into deep water and both were drowned. The body of Miss Griffin was found, but no discovery has been made of Miss Costley.

—The Philadelphia *North American* says: Philadelphia is not the centre of the universe, as is Toledo. It does not eclipse everything under the sun, as Chicago does. It is not superior to Paris and London combined, as New York is. The fact is that Philadelphia is a city of exact calculations and mathemathical certainties, and its realities are not in an inverse ratio to its pretensions.

—A correspondent of the London *Telegraph* in writing of the ceremonies which took place at Cambridge, when the L. L. D. degree was conferred on Mr. Longfellow, "says. In a few well-rounded Latin sentences the Public Orator recited the claims of the distinguished visitor to the privilege of an honorary degree. The names of "Hiawatha" and "Enoch Arden" and "Evangeline" sounded strangely" amidst the sonorous periods of the Latin. We should like to know why the Public Orator said anything about "Enoch Arden" just then.

AN ANALYSIS of the new River and Harbor bill shows that of the full amount of $4,575,000 appropriated, $3,509,000 is for Western rivers and harbors, including the lakes, the Mississippi and its tributaries; $961,500 is for rivers and harbors on the Atlantic seaboard, including Lakes Ontario and Champlain, and $105,000 for the Pacific Coast. In the discussion of the bill to-day it was asserted, in support of the item of $450,000 toward completing the Louisville Canal around the Falls of the Ohio, that $398,000,000 in value of tunnage and cargoes passed that point in one year. The item of $300,000 for Hell Gate and rocks in East River is therefore a mere trifle in view of the fact that the like values passing that channel have reached $15,000,000 in a single day. For Desmoines Rapids on the Mississippi River, the bill gives $900,000, three times the sum given to East River improvement, and for Rock Island Rapids $200,000; and yet it was said by a member that these rapids are not passed by one-third the number of steamers that pass the Ohio Falls. Congress has already appropriated $1,000,000 toward the Desmoines and Rock Island Rapids, and to Hell Gate only $20,000.

DON PIATT, in the Cincinnati *Chronicle*, says: Here, in the right of an experienced old bachelor, permit us to give one word of advice to lovers in general. Never spend a cent in love making. If the girl is worth having, you cannot purchase her with bouquets and buggies, serenades and sonnets. It adds to the agony of the rejected one to know, that he has lost not only his heart, but his dimes. He may do as an old friend of ours once did, make out a bill——, stop, we have it somewhere about—ah! here it is:

LIZZY CATCHEM,

To DAVY DUMPS, Dr.

To 16 serenades, $1 per serenade......	$16 00
To 10 buggy rides, $1.50 each..........	15 00
To 52 bouquets, say $1 per bouquet......	52 00
To 92 days' time lost, $3 per day.........	276 00
	$359 00

To this, Davy added a large sum in the way of damages for friends lost and a doctor's bill. But this, however amusing, will not heal a light pocket any more than it can cure a heavy heart.

THE Senate Finance Committee have resumed the consideration of the Tax-bill. They have determined to keep the tax on whisky at 50 cents, to be collected at the still; but they will recommend some changes in the mode of collection, as they regard the provisions which passed the House too cumbersome. The Committee have unanimously agreed to strike out the sections relative to banks, and will insert in lieu thereof provisions similar to the laws in force.

THE New York *Citizen* says: "Mack of the Cincinnati *Enquirer*, reports that he gets $15,000 worth of stock in the concern and $4,000 a year. "Agate" (Whitelaw Reid) is offered by Horace Greeley in person an editorial place on the New York *Tribune*. He is an owner of the Cincinnati *Gazette*. John W. Forney is trying to sell the Washington *Chronicle*, and is said to contemplate a removal to the Pacific Coast."

FOR SALE—REAL ESTATE.

FOR SALE.

500 ACRES OF WHITE PINE AND HEMLOCK TIMBER LAND, situated on Black Lick Creek, Buffington township, Indiana county, Pa., 9 miles from Nineveh Station, on the Pennsylvania Central Railroad, and about 60 acres of cleared land, under good fencing. On the premises are erected one Grist Mill, with 3 run of burrs and 2 run of stones, all complete and in good running order. One Saw Mill, in complete order, cutting 3,000 feet per day.

One dwelling house, two stories high, with 12 rooms, 40x42 feet.
One dwelling, 28x40 feet, 8 rooms.
One " 18x26 " 2 "
One " 18x26 " 4 "
One " 18x26 " 2 "
One " 24x26 " 3 "

One Stable, 20x34 feet, 16 feet high; Blacksmith Shop and other outbuildings. This land is underlaid with stone coal and iron ore, and it has plenty of never-failing springs of water, besides the creek running through the entire premises, and will be sold cheap and on easy terms, to a good man with a little money.

10 LOTS ON BEDFORD AVENUE, each lot 20 by 100 feet, on which is erected, four two-story frame dwelling houses, of 6 rooms and hall each. These lots embrace a full square of ground, fronting 200 feet on Bedford avenue, and bounded on each end by a wide street, with an 18 feet alley in the rear. On the premises is a pump of lasting and excellent water, and the surface of the lots is level and needs neither filling nor grading to prepare them for building purposes, and being in a section of the city where property is increasing very rapidly in value, make them desirable for an investment, especially as the present houses rent for enough to pay a good interest on the sum asked for the whole property. Call soon on the undersigned and secure a cheap, safe and paying investment.

Also, A FARM OF 160 ACRES of good land, situated in East Wheatfield township, Indiana Co., Pa., 90 acres of which is cleared land, in good cultivation, 20 acres being in excellent meadow. The improvements are a two-story frame dwelling house of 4 rooms, a frame bank barn, 36x60 feet, with stabling underneath, and other outbuildings, all in good repair. It is in a good neighborhood, convenient to schools, churches, stores, &c., and will be sold very low for cash or approved securities.

Also, a RIVER BOTTOM FARM of 76 acres, 15 miles from the city, in Elizabeth township, Allegheny county, Pa., on the Youghiogheny river, one-half mile from Elrod's Station, on the Connellsville railroad; near churches, schools, stores, &c., in the flourishing villages of Boston and Green Oak. The improvements are a two-story brick house of six rooms, hall and cellar, a good frame bank barn with stabling underneath, and other outbuildings; a well of good standing water at the door, and several standing springs of water on the farm, and an orchard of 700 trees of selected fruits of apples, cherries, pears, peaches, quinces and grapes. This property being located near the line of the railroad, within one hour's ride of the city, makes it very desirable for gardening or a dairy farm; it is also a good and beautiful location for country homes near the city, lying immediately on the river, on the opposite side from the railroad. The West Newton Accommodation and other trains on the railroad afford certain and frequent opportunities of daily communication to and from the city. Will be sold as a whole or in lots of one acre or more, to suit purchasers.

Also, A FARM OF 173 ACRES, situated in St. Clair township, Westmoreland county, Pa., near the line of the Pennsylvania Railroad at Houston Station. The improvements are a two-story frame house, with six rooms and good cellar, a frame bank barn 40 by 60 feet, and other outbuildings. There is on the place a young apple and peach orchard. 120 acres cleared land, divided into fields of convenient size, a large portion of which are well set in clover and timothy; the residue of said tract covered with good timber. It is well watered and underlaid with coal and limestone, and is convenient to churches, schools, stores, mills and blacksmith shops. A real good bargain is offered in this excellent farm; and with it will be sold all the personal property on the premises, consisting of horses, cows, stock cattle, hogs and poultry, harness, gears, wagon, plows, farming implements and household and kitchen furniture. Together will be sold very low and on easy terms, to a responsible purchaser.

Also, a desirable and very fertile Tract of Land of 158 ACRES AND 25 PERCHES, in Elizabeth Tp., Allegheny county, Pa., on the line of the Hempfield railroad, and one and one-half miles from the Connellsville railroad at Suter's Station. On this farm are 40 acres of superior white oak timber, which alone is now worth one-half the price asked for the whole tract. The improvements are a log house, frame barn, good fencing, and an apple orchard of good fruit. It is well watered and underlaid with limestone and flag stone of a superior quality, with stone coal for the use of the farm.

Also, The best FARM in Fairfield township, Westmoreland county, Pa., of 250 ACRES, about six miles south of the Pennsylvania Central Railroad at Bolivar Station. The improvements are two large hewed log dwellings; one of the largest and best frame barns in the township; two apple orchards, in good bearing condition; corn crib, wagon shed and other outbuildings. The whole farm is under a high state of cultivation; fencing all in first rate order, and the land of the best quality of limestone soil, about 200 acres of which is cleared and the residue of the tract in good timber, such as white oak, rock oak, hickory, walnut and beech. This property will be sold very cheap and on good terms, as the owner wishes to engage in other business. For particulars enquire of

CHEAPEST BUILDING LOTS in MARKET are those offered for sale in the thriving village of Allentown, adjoining the Birmingham line, and only fifteen minutes' walk from the end of the Monongahela bridge. This town is growing rapidly. Over $70,000 was realized for lots sold last season, and over fifty neat dwellings were erected during the season. As a special inducement to mechanics, we are willing to close the balance of the lots at the low price of from $200 to $350 each, and on terms easier than paying rent. We are on the premises every afternoon from 3 to 7 o'clock, or apply at our office, corner of Fourth and Smithfield streets.

PITTSBURGH PETROLEUM MARKET.

Office of the Pittsburgh Gazette, }
Wednesday, July 1, 1868. }

CRUDE.—The market was again strong and with light arrivals and a diminished supply, spot oil is still tending upward, and we now quote at 13½ to 14. The sales were: 4 lots of 1,000 each for July at 13½; and 2,000 for August, sellers' option, at 13½. As will be seen the sales were small only reaching six thousand barrels in the aggregate, but, as we have already stated, the market was very firm, and for the time being, sellers appear to have it all their own way. There was a sale of 1,000 bbls at Oil City, at $5,20 per bbl, delivered on board Allegheny Valley cars. An Oil City telegram quotes the market firm but quiet at $4,90 to $5 on Creek and $5,15 to $5,20 at that point.

REFINED—The market for bonded oil was also very strong, with more buyers than sellers, and prices have still further advanced. The sales were: 500 bbls, on spot, at 32c; 1,000 and 1,500 bbls for last half July at 32¼c; 2,000 for same delivery—later in the day—at 33c; 500 for last half of August at 33¼c; 500 each for the last half of July and August at 33c; and we are cognizant of 33½c having been offered and refused for August to December. A Philadelphia telegram quotes as follows: spot, 32c; last half July, 32¾ to 33c, and August, 33¼ to 33½c. There is but little oil offering, notwithstanding the material advance, and this, of course, has its effect in stiffening the market.

RIVER NEWS.

The river continues to recede steadily at this point with scant twenty inches in channel by Monongahela marks. The weather yesterday was excessively hot, the thermometer being up to 94 in the shade in the afternoon—one degree higher than it has been thus far this Summer.

The Delaware came up from the Dock yesterday where she has been undergoing repairs. It is said that she will go out light and probably enter some of the short packet trades below.

The Glasgow has been laid up below Glass House, being unable to get over.

—It is a matter of importence to know that the United States Treasury Department has, by recent fiat, required owners to carve upon the main beam of their vessels an official number to be awarded by the Directors of the Bureau of Statistics. The Collector of the different ports, after reviewing the provisions of the law, now gives the following notice to owners and masters of vessels:

According to the act of Congress and the instructions of the Treasury Department, I shall not be at liberty to recognize your vessel as a vessel of the United States in the event of your not complying with this notice, nor shall I be at liberty to grant her a clearance upon the occasion of her departure from this port, or to issue to her any marine papers. When you have complied with this notice, you will please leave information at the clearing desk of this office, and an inspector will be sent to examine the vessel. If properly numbered, he will certify the same. Upon the receipt of this certificate, the official number of your vessel, with the date, will be endorsed upon her marine papers. Nothing further will be required under the act. If she is a sea-going vessel, the entry upon her papers will consist of four alphabetical letters, in addition to the official number. These letters will enable you to signalize her official number to vessels passing to sea or to ashore stations. Any code of signals may be used, it only being necessary to hoist above the flags that represent the letters the distinguishing code pennant.

—We clip the following items from the Cincinnati *Gazette* of Tuesday: The Charmer, Pittsburgh to St. Louis, passed down last night. She landed at the foot of Main street to take on pig iron, expecting to get a barge here; but after taking aboard twenty tuns, learned that she could not secure a barge on favorable terms, and put the iron ashore again.........The Lorena, probably arrived last night, bound for St. Louis. The Charleston, passing up with empty barges, rendered assistance at Buffington, as also did the Silver Cloud No. 2, coming down. The Lorena was probaly drawing 5 feet 4, and had no barge. The Lorena got aground on the lower bar on the island side of the channel.........The Lawrence, from St. Louis, and the John H. Grosbeck, from New Orleans, should be at the wharf this morning........The Silver Cloud No. 2, which arrived here yesterday, will lay up. She had 100 tuns for Cincinnati, and will reship about the same amount on the Lorena for St. Louis, and 10 tuns on the Emma No. 3, for New Orleans.

—A late Memphis paper says: The Commercial succeeded in lighting off the Frank Pargoud, which was hard aground at Montezuma. She was aground from Monday until Thursday morning. The river declined so rapidly that her deck load had to be taken off before she could be set afloat, she being half a mile out of channel. The tow-boat Alps passed down, yesterday, with a tow. The Judge Fletcher, which has been plying in the New Orleans and Arkansas River trade, passed up, last evening, for Cincinnati. The tow-boat Collier arrived from Pittsburgh, last evening, with a tow of nine barges of coal—180,000 bushels.

—The Cincinnati *Enquirer* says: The low-water season is setting in. Captain Perry McNeale has begun operations again with his bell boat in the river below. He removed a number of very dangerous snags between here and Louisville last summer, for which steamboatmen are under a debt of obligation to him, and he promises to do much toward clearing that portion of the river of obstructions this summer. He hauled out a very ugly looking sycamore snag from the channel below Lawrenceburg, Saturday last.

—A St. Louis telegram says: The body of Bill Clarke, the mate who attempted to kill Captain Baker and burn his boat, was found in the river, five miles below here, yesterday, and was buried on the county farm.........Arrived—Lady Grace and Wananita.

—The Cincinnati *Chronicle* of Tuesday says: The steamer G. A. Thompson was sold this morning by the U. S. Marshal for $6,400. Capt. Milton McCullough was the purchaser. We are not advised as yet what trade Capt. McCullough intends seleeing for her.

—The Robert Moore has laid up at Portsmouth for temporary repairs. She will take the place of the Telegraph in the Sandy trade during the low water season.

AN ORDINANCE

FOR

Re-Districting of the New City into Wards.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled, and it is hereby enacted by authority of the same.* That the boundaries of the Wards of the City shall be located as follows, viz:

FIRST WARD—To remain as heretofore.

SECOND WARD—Same as before division.

THIRD WARD—To comprise same territory and be bounded by the same lines as the old Tenth ward.

FOURTH WARD—To remain unchanged.

FIFTH WARD—To be the old Third ward.

SIXTH WARD—The old Eighth ward.

SEVENTH WARD—Formed of the First Precinct of the old Sixth ward.

EIGHTH WARD—The Second Precinct of the Sixth ward.

NINTH WARD—First Precinct of the old Fifth ward.

TENTH WARD—Second Precinct of the old Fifth ward.

ELEVENTH WARD—To be composed of the old Seventh ward.

TWELFTH WARD—The old Ninth ward.

THIRTEENTH WARD—To comprise all of Pitt township excepting that part lying north of the Pennsylvania Railroad.

FOURTEENTH WARD—Oakland township.

FIFTEENTH WARD—Beginning at Taylor street and Allegheny river; thence along Taylor to Penn street; thence along Penn street to Butler street, and along Butler street to Greensburg turnpike; along the turnpike to Arsenal street; thence along Arsenal street to the Allegheny river, and down the river to place of beginning.

SIXTEENTH WARD—Beginning at the intersection of Penn and Taylor streets; along Penn to Butler; along Butler to Greensburg turnpike; along turnpike to Pearl; along Pearl to Main, and along Main to the line of Jonas Roup's property; along said line to the Penna. Railroad, near Milvale; thence along the railroad to Smith street, and along Smith street to Penn, and along Penn to place of beginning.

SEVENTEENTH WARD—The Second Ward of Lawrenceville, together with the Allegheny Cemetery.

EIGHTEENTH WARD—To begin at the Allegheny river; thence along Croghan street and the east line of the Cemetery to the Morningside road; along said road to its intersection with East Liberty road; thence by a straight line running west of the house of Jno. R. Negley to Shuck's run, and down said run to Allegheny river; along the river to the place of beginning.

NINETEENTH WARD—To be bounded by the Allegheny river on the north, the Greensburg pike on the south, by Negley's run on the east, (the run crossing the pike east of the Episcopal Church, East Liberty,) and on the west by the 19th ward.

TWENTIETH WARD—Beginning at Pearl street and the Greensburg turnpike; along said pike to its intersection with Pennsylvania avenue or Fourth street road; thence along said avenue to the old line of Pitt township; thence along said line to the Pennsylvania railroad; along Pennsylvania railroad to Roup's line, near Milvale; thence along the east line of the 16th ward to the place of beginning.

TWENTY-FIRST WARD—To consist of all that part of the city between the 19th ward and the eastern line of the consolidated city, and between the Allegheny river and the Greensburg turnpike.

TWENTY-SECOND WARD—Beginning at the intersection of the old Oakland township line and Pennsylvania avenue; thence along said township line to the four mile run road; thence along said road to the Diller farm; thence along a road leading to the nine mile run, at Salt Works, and to the Monongahela river; thence along the river to the east line of the city; along said line to the Greensburg pike, and along said pike to Pennsylvania avenue; thence along the avenue to the place of beginning.

TWENTY-THIRD WARD—To comprise all of Peebles township between the Monongahela river and the south line of the 22d ward.

SEC. 2. That any ordinance or part of ordinance conflicting with the passage of this ordinance at the present time, be and the same is hereby repealed so far as the same affects this ordinance.

Ordained and enacted into a law in Councils, this 30th day of June, A. D. 1868.

JAMES McAULEY,
President of Select Council.

FOURTH OF JULY CELEBRATION.

POLICE NOTICE.

The imminent danger to life and property attending the firing of guns and pistols, and the explosion of fire crackers and fire works in our public streets on the Fourth of July, and the sad accidents which have annually resulted from this injudicious mode of celebrating our National Holiday, have induced a large number of our most influential citizens, including property owners, underwriters, and others deeply interested in the safety of property within our city precincts, to address me on the subject, requesting that I should enforce the City Ordinances prohibiting it. This it is unquestionably my duty to do, and I now hereby give notice that I will give it my ESPECIAL attention. All offenders against the law will therefore be rigidly prosecuted, and the fines and penalties imposed, IN EVERY CASE, without regard to person.

THE New York *World* sums up the whole duty of the Democracy "when it declares for success, no matter what the platform or candidate." This avowal will defeat its own end.

◆

THE Republicans of Maryland are entirely and cordially united for GRANT and COLFAX, a small portion of them, who were dissatisfied in their exclusion from the Chicago Convention, having withdrawn their threatened opposition, and coming heartily into line.

◆

HENDRICKS, CHASE, SEYMOUR, PENDLETON and JOHNSON are the prominent candidates now most freely discussed in New York. The last named is developing more strength than had been expected. Speculations upon the result may be interesting, but would be unprofitable.

◆

THE Committee of Ways and Means authorized Gen. MOORHEAD, yesterday, to report a bill amendatory of the tariff, increasing the duties imposed on iron, steel, copper, lead, zinc, soda, glass, salt, rice, timber, lumber, wines and liquors. We print the bill in full in another column.

◆

A VERY seasonable suggestion is made by the Philadelphia *Press*, that the Democratic Convention at New York should order an investigation into the facts of the assassination of JOHN CASEY, the murdered witness in the case of the Luzerne county election frauds. Their party is stained with the guilt of this murder, without an effort, yet, to clear its skirts.

IT IS VERY doubtful if Colorado can be admitted as a State, until the unjust restrictions upon suffrage, embodied in her present Constitution, shall have been removed. These restrictions are deemed objectionable by many Republicans in each branch of Congress, so that a two-thirds vote to over-ride a veto, has once been, and again will be, found impracticable.

◆

IN our advertising columns we to-day publish the important report of the appraisers appointed to assess the value of the roads and bridges claiming tolls for the use of their improvements within the limits of the consolidated city. So far as we can judge, these gentlemen have discharged their onerous duties in an able and highly satisfactory manner, and their report will repay careful perusal.

◆

DEMOCRATIC legislatures, during the war, refused to extend the right of suffrage to their citizen-soldiers absent from home in the service of the Union. Such was the case in New Jersey, Indiana and Illinois. Republican legislatures were more wise and patriotic, and those of Maryland and Kentucky concurred with them with in the just and liberal policy. Hence, in 1864, the votes of one hundred and fifty thousand soldiers were taken, of whom 121.041 voted for LINCOLN and 35,050 for MCCLELLAND. As the soldiers voted then, so, this year, they will rally *en masse* to the support of the Union and its candidates.

IT IS difficult to credit the report, sent from Washington yesterday, that Mr. SEWARD has been guilty of the stupid and criminal folly attributed to him in the alleged negotiations to purchase Iceland and Greenland. This rumor would pass very well for a *canard*, and would be generally accepted as such, were it not reiterated in other dispatches. It is just the sort of story which opponents of the ratification of the Alaska purchase would be likely to circulate at this moment when the latter negotiation is demanding an appropriation from Congress. If it be really true that the State Department has involved itself in the new negotiation, as reported, it may have the effect to defeat the other appropriation now under discussion. The Senate having ratified the Alaska treaty, and the Executive having taken possession of the territory, we cannot honorably withdraw from that contract. But the reported new purchase is an outrage upon the sentiment of an already sufficiently taxed nation.

PROTECTION OF DOMESTIC INDUSTRY.

An essential and irradicable difference exists, not always recognized on either side of the controversy, between Protection as a national policy and Protection as a means of profit to special individuals or classes. The advocates of Free Trade persistently consider Protection under the latter aspect, as do, also, many persons whose particular industries fall into the category of such as need discriminating impost duties for their successful prosecution. It is the duty of statesmen to consider Protection from the other stand-point, as an agency for developing all the latent and possible resources of the country.

In taking this view it becomes at once apparent that the principal wealth of a nation does not consist in houses and lands, mines and ships, but in men and women, and these cultivated not in the lower ranges of their faculties, but in their higher, so as to bring into constant play their best capabilities. This commercial value of persons is understood and used under all political and social systems, whether free or slave, no matter how variously modified. In Charleston, when human beings were regularly put upon the auction block, a skilled mechanic or cook always brought a larger price than a common field-hand. A corresponding distinction runs all through free society. Individuals are rated in the wages-market in proportion as what they can do, and do well, is of importance. Commencing with ordinary drudges, at rough muscular work, the wages increase precisely as larger amounts of mental skill and discipline are necessary in the management of particular processes. Wages are graduated not according to bone and muscle, but in proportion to brain and moral sentiment. Mere bone and muscle are rewarded by a dollar and a half a day; brain and honesty, sometimes by a thousand dollars or more. Between these extremes, a finely graduated scale intervenes, making numerous distinctions recognized always and everywhere in the commercial world.

Men and women are valuable in exact proportion to what they are, and can do to the general advantage. The same distinction that exists between a common laborer and a skilled artizan, or engineer, or accountant, or financier, exists between large and small collections or communities of such. A barbarous nation is one in which bone and muscle do mainly what work is done, mental calculations entering comparatively little into the performances. A civilized nation is one in which the mental and spiritual powers are put under requisition and brought into play. A community like that of Pittsburgh and the surrounding municipalities, in which a large number of the higher industries are prosecuted, presents the strongest possible contrast to barbarism—that is, the fairest specimen of the best civilization.

Protection, therefore, as a national policy, has a definite end to accomplish, which is, to diversify the forms of industry; not shutting out the lower but introducing the higher, until all the arts essential to the most advanced civilization shall be fully established, and every natural resource, whether in soil, climate or mines, shall be put completely under contribution for the prosperity and happiness of mankind. A perfected civilization implies nothing less than this.

It will be perceived that such a system has primary reference, not to the few, but to the many; not so much to capitalists who desire profitable investments for accumulated money, as to the masses who strive after individual development, and to making that development contribute to their personal respectability and comfort, to the elevation and happiness of their respective families, and to the strength and aggrandisement of the nation. Nothing can be plainer than that the man who works, with body or mind, or both in combination, is entitled to the just avails of his toil, precisely as the capitalist is entitled to a reasonable compensation for the use of his cash, and for all the knowledge, diligence, prudence and tact he may put with it. Nor can it be disguised that most generally, so far in the history of the world, capital has got the better of labor, reaping an undue share of their joint product. But this is an evil not amenable to amelioration through governmental intervention, as has been demonstrated by all attempts heretofore made, and as is abundantly susceptible of logical elucidation. Laborers seem to have no effectual resource but in such combinations as shall constitute them their own employers; and this, after trying many other schemes, they are beginning to understand and reduce to practice.

Nor is it true that such a system of Protection as we have here sketched favors manufacturing industries at the expense of agriculture and commerce. As there is, and can be, no schism between the different members of the human body, so there is no true ground for quarrel between different classes of workers in a State. It is not to the prejudice of the foot that the hand is skilled in cunning workmanship, nor to the hand that the ear is tuned to the purest melody and the profoundest harmony; nor to the ear that the eye is trained to the nicest sense of color and proportion. All these endowments of different members of the same body put honor one upon another, and produce gain for common advantage. In like manner, a State is strong in exact ratio, as its citizens are duly educated for the wise performance of various functions.

It is often said that agriculture constitutes the foundation of all civilization, and, consequently, of all progress. This is not correct in the broad sense in which it is ordinarily put, as any one will readily see who stops to reflect that agriculture, properly so called, had, and could have, no existence antecedently to the use of iron in fabricating tools and implements. In the order of sequence, manufactures came first, and iron underlies and upholds the whole superstructure of civilization. Take iron away, and the nations would speedily and necessarily relapse into the condition in which they were during those dismal ages comprised by naturalists under the designation of "the flint era," when sharp stones rudely served instead of modern tools and weapons.

But, it is manifest that if a nation composed exclusively of farmers could possibly exist, its civilization would be low and its power little. Such a nation would be in a condition analagous to that of a man having the use of only one digit, and of none of his other members or articulations. Indeed, such a nation is an impossibility. Under a proper arrangement of society, farmers thrive in proportion as employments are diversified, and other means of producing wealth introduced. Everybody knows that farming lands are higher, and the profits of farming larger, in the neighborhood of towns and cities than elsewhere. The reason is obvious; a market for all farm produce is close at hand, and the interchange is both quickened and cheapened. This single illustration covers the whole case. The more consumers there are of agricultural products, who do not grow any themselves, but have other and profitable employment, the better is the condition of farmers.

Neither are manufactures, nor that system of Protection by which manufactures are commonly enabled to take root in any nation, on a broad scale, unfriendly to commerce. Looking at existing nations whose commodities enter most largely into the commerce of the world, it cannot be denied that they are the very nations which have most completely diversified their industries. The commerce of Great Britain and the United States is worth at this moment more than that of all the Free Trade nations on the globe, or that have ever been on it; and this vast commerce, unprecedented in the annals of history, is the natural and necessary result of that multiplication of industries which was consummated by means of Protection, and could have been reached by no other expedient.

It is by force of these considerations that Protection rises to the height and dignity of a National Policy, equally embracing capitalists and laborers, and men of all classes and conditions in the State, each finding his personal advantage and profit in the prosperity of all others, and each contributing his rivulet to that mighty stream which bears the nation onward in a career of prosperity, grandeur and renown.

ENGLISH POLITICS.

MR. D'ISRAELI has achieved a victory of temporary value, by the small majority which threw out the Irish Church bill, in the House of Lords, on Tuesday. Small as the majority of five was, it was ample for his present purposes, and makes the Parliamentary end of that bill. The struggle must be again commenced, *de novo*, by the Liberal party in the Commons, introducing and passing a new bill to the same end, and to encounter a similar rejection by the Peers, or they must resort to popular agitation to influence the elections for a new House in the autumn. Backed by the upper House, the Ministry can only be reached, in such a contingency as this, by a resort of the Liberal majority to extreme measures, such as would be, first, a vote of want of confidence, or, second, a refusal to grant the regular supplies. Were the Lords arrayed against both Ministers and Commons, they could be forced to submission, at the expense, if needed, of swamping the intractable majority by a new creation of peers, but that remedy is in the hands of the Ministry which that House now supports.

This vote of Tuesday, by which Privilege has again opposed itself to the will of the popular branch, will have important consequences. The Liberal sentiment in England not only largely controls the Commons, but it represents therein the advanced opinions of the middle and lower estates, the real governing classes in the Empire. Any attempt of this kind, by the hereditary branch of the government, to check the progress of those sentiments and their development in proper legislation, is evidently certain to be resisted, speedily and tumultously, and cannot be long maintained. Unless the Lords, taking counsel from past experience, which has invariably illustrated their defeat, shall prudently yield to the wishes of the nation, as these will be expressed in the coming elections, the close of Her Majesty's reign will be the stormiest known in the later English annals.

But it is more likely that an early dissolution of Parliament will follow; that the new elections will result in an increased Liberal majority; that this Irish Church bill and other measures of the same radical character will be re-enacted, and will finally be accepted by the Lords, and that the present Ministry will retain office, at least until the Liberal policy shall be fully consummated, and as much longer as MR. D'ISRAELI can sustain himself by tactics which resist as long as possible, but which concede and surrender when resistance becomes useless.

TENDER and deep were the feelings of commiseration with which our humane citizens regarded the muster of the Pendleton forlorn-hope, as it crossed the town yesterday morning. A hundred or two of these tender babes of the Ohio Democracy, led like lambs to the slaughter, deluded with the silly expectation that they were proceeding to an assured triumph, but doomed, hapless innocents, to an utter and hopeless destruction in the unfriendly and wicked city to which they were pilgrims—we should have been more, or less, than human, had not our hearts overflowed with grief, as we contemplated their infatuated self-confidence, and then reverted in thought to the fate that awaits them. Poor fellows! they little knew that their beloved PENDLETON was a helpless victim, not only bound but already slain upon St. Tammany's sacrificial altar, and that, instead of marching to a victory, they were hastening to the funeral of their friend, and that any mourning of a type too obstreperous will be visited with the same immolation. Let us be ready to welcome the survivors who may return, using the same coffee-pots to assuage their woe!

—The 13th District Democratic Convention, held at Newark, Ohio, yesterday nominated George W. Morgan for Congress.

THE announcement in a Louisville paper, that Judge CHASE had written a letter to J. J. CISCO, a prominent Democrat of New York, "pledging himself unreservedly to support the nominee of the National Democratic Convention for President," is regarded as of doubtful accuracy by a Cincinnati cotemporary, which speaks of CHASE "as too experienced and politic a politician to commit himself thus in advance." We have no such doubts. Mr. CHASE, to secure the Presidency even for twenty-four hours, would surrender any principle or any friend. Having been fairly notified that this pledge would be required, he has given it promptly. As to anything of that sort, the only mistake that any one could make would be to suppose that he would hesitate to subscribe to any precedent conditions, or, if it suited his interest, to violate them afterwards. He is capable of doing either [illegible] equal alacrity.

TOPICS A[illegible]SSIP AT THE CAPITAL.

The Ways [illegible] Means Committee have agreed to send Mr. Moorhead's Tariff bill to the House for action. Should it be taken up the session will have to be prolonged until August.

The Senate Finance Committee will report back the amended tax bill to-morrow. At the suggestion of Mr. Rollins a substitute for the section taxing national banks has been framed. It is more favorable to the banks. The tax on whisky in bond of four dollars per barrel is opposed in the Committee, and will probably be stricken out by the Senate. The tobacco (in plug) tax will also be stricken out probably.

The House will not agree to the increased appropriation for the Treasury in managing loans, proposed in the Senate and inserted in the bill by that body. Six hundred thousand dollars per annum is considered sufficient for the purpose.

Mr. Seward will, it is said, shortly send to Congress a message covering a new treaty and descriptions of Greenland and Iceland. Both of these countries desire to join us.

The Senate will be likely to ratify the Indian treaty.

The Senate will vote to adjourn on the 15th inst.

Spaids & Co. have entered up their bonds for carrying the Overland mails.

Gen. Butler will present his report to the House to-day.

The nomination of Perry Fuller, which was to have been withdrawn after the Commissioner's adverse report, was left before the Senate at his earnest request. He is trying to induce the Senate to take no action until after the New York Convention.

Politicians here assert that the battle in the New York Convention will be between Pendleton, Seymour and Hancock, with the chances in favor of the first.

The comparison of views of delegates passing through here to the Democratic Convention only shows that little can be prognosticated what action will be shaped by the course of events and caucusing at New York. Johnson has strong hopes of receiving the nomination. The Tennessee delegates are here working with other Johnson men in his favor. Jesse D. Bright said yesterday that Pendleton and Johnson would go into the Convention the strongest and one of them would be nominated.

A great many Southern delegates to the New York Convention are here. They express themselves in favor of allowing the Northern delegates to name the candidate. A few beside the Tennesseeans have declared for Johnson. Quite a number talk cautiously in favor of repudiation, which leads to the belief that Pendleton will get their votes if they think he can be elected. No Chase delegates have been heard of.

☞ FOR SALE BY DRUGGISTS AND DEALERS IN MEDICINE ENERYWHERE.

Price 50 Cents Per Box.

A Warning to Counterfeiters, and a Caution to Purchasers.

No expense will be spared, no legal means of punishing fraud will be neglected, in the effort to prevent the counterfeiting of HOSTETTER'S STOMACH BITTERS. But scoundrelism, when its cunning and activity are stimulated by the hope of gain, is very ingenious and industrious. The men whose despicable business it is to simulate valuable proprietary medicines, and who substitute therefor dangerous or worthless preparations, are proverbially difficult to catch. Most of them have many aliases, and they flit from State to State with surprising agility, in the hope of evading the clutches of the law. The proprietors of HOSTETTER'S STOMACH BITTERS are determined, if possible, *to hunt them down*. Traveling agents are employed for this purpose, and whenever an offender is detected he is prosecuted with the *utmost rigor of the law*. No amount of vigilance, however, can prevent the occasional introduction of imitations and counterfeits. The public are therefore CAUTIONED not to purchase any article purporting to be HOSTETTER'S STOMACH BITTERS which is not authenticated by the handsome government stamp specially engraved for the proprietors, and also by their superb new label with a beautiful vignette, representing the conflict between St. George and the Dragon, at the top, and a miniature note of hand, signed Hostetter & Smith, at the top.

N. B.—The genuine BITTERS are sold in BOTTLES ONLY. All persons who pretend to sell the article by the gallon or barrel, are imposters, and the stuff they offer is a worthless and probably poisonous counterfeit.

CURE OF FISTULA.

DR. KEYSE[illegible] I write to thank you for your kindness and scie[illegible] management of my disease, for which I call[illegible] consult you some time in January last. You will remember that I had a complication of diseases, [illegible] finally ended in a terrible fistula, which I had [illegible] advised to "let alone," on account of a harassing cough, which it was feared might fasten it on my lungs. I knew that the peculair mode of treating diseases like mine was by a cutting operation, which, if successful at all, would naturally throw the disease upon the lungs or some other vital organ, on account of the suddenness of the cure and the immediate check to the discharge, which I believed was a salutary provision of nature to get rid of some morbid condition of the system. I feel perfectly satisfied that your method of treatment, purifying the system, and local applications to the fistulous part, must cure, if anything could, without cutting, which I find it did, and I am happy to report myself well in every particular, with sounder and better health than I have had for years. I would also add that the applications you made were almost painless, and have left me a new man, with all the energies and vigor of restored health.

Yours, gratefully, J—— C——.

MUNICIPAL.

HEREWITH WE PUBLISH THE important report of the Appraisers appointed to assess the value of the roads and bridges claiming tolls for the use of their improvements within the limits of the consolidated City, submitted to the members of the City Council at a recent meeting:

PITTSBURGH, June 27, 1868.

To Hon James Blackmore, Mayor:

SIR: We, the undersigned Appraisers, duly appointed under and in pursuance of the thirty-sixth Section of an act of the General Assembly of Pennsylvania, approved the 6th day of April, A. D. 1867, entitled "a further supplement to the acts incorporating the City of Pittsburgh, extending its boundaries, &c.,'' would respectfully report, That having been first duly organized, we proceeded to the discharge of the duties imposed upon us, and after obtaining all the information in our power, by personal examination of the several roads, and by examination of the officers and other persons interested in the companies, and upon full consideration of all the facts, we have appraised the actual cash value of each bridge, turnpike and plankroad within the limits of the City of Pittsburgh, first deducting therefrom any reserved or contingent fund held by any of said Corporations, as follows:

The Pittsburgh Farmers and Mechanics Turnpike Company	$60,000
The Greensburg and Pittsburgh Turnpike Road Company	7,500
The East Liberty and Penn Township Plank Road Company	1,500
The Monongahela Turnpike Company	4,000
Lawrenceville and Sharpsburg Plank Road Company	2,000
Total	$75,000

Of the Pittsburgh Farmers and Mechanics Turnpike Company there are 1,626 shares of stock and each share would be of the value of $—

Inasmuch as it is not contemplated to take possession of the whole of the Greensburg and Pittsburgh Turnpike, we have not estimated the value of the entire Company, but only so much of the road as lies within the limits of the city and cannot, therefore, give an estimate of the value of the stock.

There is an existing indebtedness against the East Liberty and Penn Township Plank Road Company. The Monongahela Turnpike Company, and the Lawrenceville and Sharpsburg Plank Road Company, of greater amount in each case than the value of the roads respectively, and we therefore regard the stock as worth nothing.

There are no bridges, and the above mentioned are the only roads within the limits of the City of Pittsburgh which claim to charge tolls for the use of their improvements.

We herewith return a copy of the order substituting Alexander Gordon in place of Thomas M. Howe, as one of the appraisers made by the District Court of Allegheny county, at No. — Term, 1868, a copy of the oath taken by the appraisers, memoranda submitted by the officers of the several roads, and the minutes of the proceedings of the Board, to which we refer for detail not herein set forth.

We further report that we have charged for our services the sum of two hundred and forty dollars each, for the payment of which we ask the City Councils to provide.

All of which is respectfully submitted.

W. WADE,
WM. DILWORTH,
ALEXANDER GORDON.

In the District Court—No. 655. April Term, 1868.

In the matter of the Appointment of Appraisers to estimate the cost and value of Bridges, &c., claiming to [illegible] toll.

[illegible], April 18, 1868: It appearing to the [illegible] THOMAS M. HOWE, one of the persons [illegible] Appraisers by the 36th section of the act entitled "A further supplement to the Act incorporating the City of Pittsburgh, extending its boundaries, &c.,'' approved the 6th day of April, 1867, (Pamphlet Laws, page 846,) for the purposes therein mentioned, has declined to serve, whereby a vacancy has occurred, the Court, in conformity with the provisions of said section, do now appoint ALEXANDER GORDON, of Wilkins township, an Appraiser to fill said vacancy, and direct the Prothonotary to furnish him with a certified copy of this order. Per Curriam.

From the Record.

JACOB H. WALTER,
Prothonotary.

STATE OF PENNSYLVANIA,
COUNTY OF ALLEGHENY, SS:

Before me, James Blackmore, Mayor of the City of Pittsburgh, personally appeared WILLIAM WADE, WILLIAM DILWORTH and ALEXANDER GORDON, Appraisers, duly appointed under the provisions of the 36th section of the Act of Assembly, entitled "An Act to a further supplement to the acts incorporating the City of Pittsburgh, extending its boundaries, &c.,'' approved April 6, 1867, to estimate and appraise the actual cash value of any and every bridge, turnpike and plank road company within the bounds of said corporation, who, being duly sworn say that they will well and equitably and faithfully make the appraisement, and perform all the duties devolved upon them by said act to the best of their ability.

WM. WADE.
WM. DILWORTH,
ALEXANDER GORDON.

Sworn and subscribed this 22d day of April, 1868, before me,

JAMES BLACKMORE, Mayor.

Minutes of Appraiser's Meetings and Proceedings.

A Further Supplement to the Acts Incorporating the City of Pittsburgh, Extending its Boundaries, Enlarging its Corporate Powers and Perfecting its Municipal Organization and Submitting the Proposed Consolidation to a Vote of the People.

SECTION 36. That William Wade, Thomas M. Howe and William Dilworth, and in case of a vacancy, the District Court of Allegheny County to fill said vacancies, are hereby appointed Appraisers, in case this Act goes into effect, to estimate and appraise, under oath or affirmation, the actual cash value, first deducting therefrom any reserved or contingent fund held by any Corporation, of any and every bridge, turnpike and plank road company, within the bounds of said Corporation, which claims to charge toll for the use of its improvement; and before the first day of February, one thousand eight hundred and sixty-nine to return to the Mayor of the City, to be laid before the Select and Common Councils thereof, a true valuation and appraisement of the stock of said Corporations, and said Councils are hereby authorized, at any time, not exceeding one year thereafter, by ordinance duly passed, to create a permanent loan, to be called the Bridge Loan, to purchase and make forever free, all the bridges and highways within the bounds of the consolidated City; *Provided*, That each holder of stock who releases his or her stock to said City, shall be entitled to receive such per centage upon the value in the said Bridge Loan as Councils may direct, not exceeding the value so fixed by said Appraisers; and that until such tender of equivalent, in value, is made, no rival bridge company, not already chartered, shall be erected by any of the existing Corporations; *Provided further*, That if the existing bridge corporations shall not, within three months after the tender, accept the same, then the said Corporation may create such other free bridges and highways, as in their judgments the business of the enlarged City demands.

JOHN P. GLASS,
Speaker of the House of Representatives.
L. W. HALL.
Speaker of the Senate.

Approved the sixth day of April, in the year of our Lord one thousand eight hundred and sixty-seven.

JOHN W. GEARY.

CITY OF PITTSBURGH, Feb. 25th, 1868.

To William Wade, Thomas M. Howe and William Dilworth:

At a meeting of Councils held this day the following resolution was adopted and the clerks directed to furnish copies to the Commissioners referred to:

"*Resolved*, That the Appraisers appointed by the 36th Section of the Act approved April 5th, 1867, be requested to proceed as soon as practicable to discharge the duties imposed upon them by said section, by appraising the stock of the several Turnpike and Plank Road Companies within the City of Pittsburgh.''

PITTSBURGH, April 14th, 1868.

In compliance with the foregoing resolution of the City Councils, passed February 25th, 1868, the Appraisers appointed by the thirty-sixth section of the Act approved April 6th, 1867, assembled at the office of Thomas M. Howe, in Fifth Street, Pittsburgh, on Tuesday, April 14th, 1868, at 11 o'clock A. M. Present: William Wade, Thomas M. Howe and William Dilworth.

Mr. Howe stated to Messrs. Wade and Dilworth that as he had a considerable pecuniary interest in the property to be appraised, he felt it to be his duty to decline the service; and that he would address to them a letter to that effect.

WEDNESDAY, April 15th.

Appraisers met and received from Mr. Howe a letter, of which the following is a copy, viz:

PITTSBURGH, April 14th, 1868.

Messrs. William Wade and William Dilworth:

GENTLEMEN: By the 36th Section of the Act approved the 6th day of April, 1867, entitled "a further supplement to the acts incorporating the City "of Pittsburgh, extending its boundaries, &c.," the undersigned (together with yourselves) was named an "appraiser to estimate and appraise the value of "the stock of any and every bridge, turnpike and "plank road company within the bounds of the City, "which claims to charge toll for the use of its improvements."

Having considerable pecuniary interest involved in the appraisement so to be made, I have considered it a duty, no less to myself than the public, to decline the service, and have respectfully to suggest that you will announce the vacancy to the District Court of this county, with the request that it may be filled.

Very respectfully,
Your obedient servant,
THOMAS M. HOWE.

Whereupon, the following paper was prepared, and presented to the District Court:

To the Honorable District Court of Allegheny County:

The undersigned appointed appraisers by the act of April 6th, 1867, entitled "A further supplement to the acts incorporating the City of Pittsburgh, &c.,'' announce to the Court: That Thomas M. Howe, who also was appointed appraiser by said act, declines the service, as will be seen by his letter of the 14th instant, herewith submitted. A vacancy therefore exists, which the undersigned respectfully request may be filled by the District Court, as required by the thirty-sixth section of said act.

(Signed.) W. WADE,
April 15th, 1868. WM. DILWORTH.

WEDNESDAY, April 22, 1868.

Alexander Gordon, having on the 18th inst., been appointed appraiser by the District Court, to fill the vacancy occasioned by Mr. Howe declining to serve, the appraisers met at the office of the City Controller in Pittsburgh. Present: William Wade, William Dilworth and Alexander Gordon, who were duly sworn, by the Mayor of the city, and entered upon the duties enjoined upon them by the act. Adjourned to meet at the Controller's office, to-morrow, at two o'clock, p. m.

THURSDAY, April 23, 1868.

The appraisers met pursuant to adjournment. Present: Messrs. Wade, Dilworth and Gordon. After deliberating upon the measures proper to be taken, it was decided to give public notice to all parties interested in the property to be appraised, that the appraisers had entered upon the duties assigned to them, and requesting each of said parties to present to the appraisers a description of any road upon which tolls are claimed by them. A notice, of which the annexed is a printed copy, was prepared and ordered to be published in all the newspapers appointed by the city to publish official papers of the city.

Adjourned to meet at the Controller's Office, on Monday, May 4th, at 11 A. M.

NOTICE.

TO TURNPIKE AND PLANK ROAD COMPANIES.

The undersigned appraisers, appointed by and in accordance with the act of the Legislature of the State of Pennsylvania, approved April 6th, 1867, have, in compliance with a resolution of the Select and Common Councils of the City of Pittsburgh, entered on the duties imposed on them by said act. And to enable them to perform said duties, they hereby request the President and Directors of any and every Turnpike and Plank Road Company within the present bounds of the City of Pittsburgh, which claims to charge tolls for the use of their improvements, to furnish the appraisers with a statement, in writing, of the road held and owned by each corporation, and statement to show—

First—The name of the road or company, the title of the act of incorporation, and of its supplements, with the date of approval of each.

Second—The number of shares now held by the stockholders, and the amount actually paid in by them as capital stock.

Third—The length of road now owned by the company within the present bounds of the City of Pittsburgh, and the position of its termini.

The statements may be delivered to either of the undersigned, or at the office of the City Controller, Fourth street, Pittsburgh, and are required on or before the 4th day of May next.

W. WADE,
WM. DILWORTH,
ALEXANDER GORDON,
Commissioners.

Pittsburgh, April 23, 1868.

NOTE.—One of the appraisers, W. Appraisers met pursuant to adjournment. Present—Messrs. Wade, Dilworth and Gordon.

After deliberation upon the measures proper to be pursued in order to obtain such information respecting the several roads as is necessary to enable the Appraisers to estimate justly the value of each, it was decided to request the attendance of a representative of each road separately at a meeting of the Appraisers, where questions concerning the cost or value of certain improvements on the road might be asked and answered. Accordingly the following note was addressed to Mr. Joseph Dilworth, President of the Pittsburgh Farmers' and Mechanics Turnpike Road Company:

SIR—The Appraisers appointed to estimate the value of your road, request that a representative of your Company may attend a meeting to be held by them at the office of the City Controller, on Wednesday, May 10th, at 10½ A. M.

[Signed,] W. WADE.
By order of the Appraisers.

Adjourned to meet at the Controller's office tomorrow at 10½ A. M.

WEDNESDAY, June 10th, 1868.

Appraisers met pursuant to adjournment. Present—Messrs. Wade, Dilworth and Gordon. The following persons were also present as representatives of the Pittsburgh Farmers and Mechanics Turnpike Road Company, viz.: Messrs. Joseph Dilworth, John B. Semple, Geo. A. Berry, Francis Sellers, Springer Harbaugh, Thomas M. Howe, George W. Hallman and R. H. Hartley.

Questions previously prepared by the Appraisers were then read to the representatives of the road, and were answered as follows:

Cash stock paid in by stockholders	$65,000
Additional expenditure on the road derived from tolls collected	16,300
Total cost of the road	$81,300

The boulder pavement on the road cost $9,500, All parts of the road which are not thus paved are covered with broken stone.

The tolls collected during the last two and a half years have averaged $7,600 per annum, and it is estimated that during the present year the tolls will amount to $9,000.

The owners of the road estimate its value at $81,300—the amount expended upon it by the present Company.

Adjourned to Friday next at 10½ A. M.

The Appraisers met at the Controller's office pursuant to adjournment. Present—Messrs. Wade, Dilworth and Gordon. Messrs. James Kelley, Joseph Stoner and C. Snively were also present as the representatives of the East Liberty and Penn Township Plank Road Company.

Questisns were read to them, which were answered as follows, viz.:

The number of shares held by the stockholders is 394, at $25 each, amounting to $9,850, which is all paid in. No dividends have been made. A small amount of tolls has been collected and applied on the road in keeping it in repair. There has been $4,700 expended in repairs and improvements, in addition to the tolls, for which sum the company is now indebted to its creditors.

At the present time no tolls are collected on the road.

One of the improvements made by the Company, a long stone arched culvert and heavy embankment, is estimated by the Stockholders as being worth $8,000.

Adjourned to meet on Monday next at 10½ A. M.

MONDAY, June 15th, 1868.

Appraisers met at the office of the City Controller. Present—Messrs. Wade, Dilworth and Gordon.

Also present, Mr. Rody Patterson, President of the Greensburg and Pittsburgh Turnpike Road Company, as a representative of that road. On reading to him the questions to which the Appraisers desired answers, he remarked that he was not prepared to answer all of them without first referring to the records of the Treasurer of the Company, and he proposed to take with him the written questions asked by the Appraisers, and to answer them in writing at a future meeting. This arrangement was agreed to by the Appraisers.

Adjourned to meet to-morrow at 10½ A. M.

TUESDAY, June 16th, 1868.

Appraisers met, pursuant to adjournment, at City Controller's Office. Present—Messrs. Wade, Dilworth and Gordon.

Mr. John D. Scully, Sequestrator of the Monongahela Turnpike Road Company, was also present. He stated that the value of the road was now estimated at $16,500, made up of the following items, viz:

Judgments against the Company, rendered July 7th, 1866, for which the road was sequestered	$3,105 76
Two years' interest	372 69
	$3,478 45
Debt incurred since the road was sequestered	1,200 00
Value of stone culverts	12,000 00
	$16,678 00

The amount of tolls collected are from $1300 to $1400 per annum, and the net earnings are about $1,000 per annum, all of which are expended in keeping the road in repair.

No dividends to stockholders have been made.

Adjourned until to-morrow, at half past ten a. m.

WEDNESDAY, June 17, 1868.

Appraisers met at the office of the City Controller, at 10½ a. m. Present: Messrs. Wade, Dilworth and Gordon.

9 Culverts valued at		$4,170
Cost of grading road		4,000
Cost of stoning the same		8,000
		$16,170
Tolls collected in 1865	$7,200	
" " 1866	7,953	
" " 1867	6,990	
	$22,143	
Average per annum		$7,381

All of which were expended on the road, in repairs and contingencies.

No dividends to stockholders have been made.

Adjourned to meet on Friday next, June 19th, at 10½ a. m.

FRIDAY, June 19, 1868.

Appraisers met at City Controller's office, at 10½ a. m. Present: Messrs. Wade, Dilworth and Gordon.

Expended in labor, &c.	$1,914 43
" materials, &c.	3,188 38
	$5,102 81
Tolls received	2,702 60
Excess of expenditure	$2,400 21
Balance of judgments against the Company, with interest to June 15th	3,783 89
	$6,184 10

Adjourned to meet at No. 130 Second street, on Monday next, at ten o'clock a. m.

MONDAY, June 22, 1868.

Appraisers met pursuant to adjournment, at 10 o'clock a. m. Present: Messrs. Wade, Dilworth and Gordon.

Proceeded to examine all the statements received from each of the several Turnpike and Plank Road Companies within the bounds of the city, which claims to charge toll for the use of its improvements; and also to examine the minutes of proceedings of the appraisers relating to each of said roads: and after due deliberation thereon do estimate and appraise the actual cash value of each road as follows, viz:

Pittsburgh Farmers and Mechanics Turnpike Road Company	60,000
Greensburg and Pittsburgh Turnpike Road Company	7,500
East Liberty and Penn Township Plank Road Company	1,500
Monongahela Turnpike Company, now in charge of a sequestrator	4,000
Lawrenceville & Sharpsburg Plank Road Company, now in hands of sequestrator	2,000
Amount	$75,000

The appraisers then agreed to request the City Solicitor, J. F. Slagle, Esq., to attend at their next meeting, to consult and advise respecting the form and the preparation of a return to be made to the Mayor of the City, as required by law.

Adjourned to meet at No. 130 Second street, on Thursday, June 25th, at 10½ A. M.

THURSDAY, June 25th, 1868.

Appraisers met pursuant to adjournment, at 10½ A. M. Present—Messrs. Wade, Dilworth and Gordon. Mr. Slagle, City Solicitor, was also present.

The minutes of the proceedings of the appraisers, and the statements received from the several road companies, were examined, and after discussion and explanation of the same, all the papers were delivered to the Solicitor, with a request that he would prepare a form of a report, to be returned to the Mayor of the City by the Appraisers.

Adjourned to meet at the office of the City Solicitor, on Saturday, June 27th, at 2 P. M.

SATURDAY, June 27th, 1868.

The Appraisers met pursuant to adjournment. Present—Messrs. Wade, Dilworth and Gordon.

The City Solicitor read the form of a report, which was approved by the Appraisers; and after filling the blanks for the amount of fees to be charged, was signed by them, who then adjourned without day.

Questions.

June 10th 1868.

1st. What is your own estimate of the actual cash value of your improvements, after deducting the amount of any reserved or contingent fund held by the Company?

2d. Will you please specify in detail the improvements upon which your estimate is founded; as for example, the number, dimensions, and the value of each culvert and bridge; the quantity, and the cost of grading the road bed, and of the stone, gravel or cinder, used in covering the same; and also the cost or present value of any other specified improvement of a permanent character.

3d. What amount of tolls has been collected in each of the last three years?

4th. What amount has been expended in keeping the road in repair, and in other ordinary current expenses of its management, in each of said year; exclusive of new permanent improvements, which belong to the construction account?

5th. Have any dividends been made within the last three years? if so, when, what amount, and how applied?

6th. Any other statements or information, not herein specified, which you may deem useful in assisting the Appraisers to make a true valuation of the property owned by the Company, is desired.

NOTICE.

TO TURNPIKE AND PLANK ROAD COMPANIES.

The undersigned appraisers, appointed by and in accordance with the act of the Legislature of the State of Pennsylvania, approved April 6th, 1867, have, in compliance with a resolution of the Select and Common Councils of the City of Pittsburgh, entered upon the duties imposed upon them by said act. And to enable them to perform said duties, they hereby request the President and Directors of any and every Turnpike and Plank Road Company within the present bounds of the city of Pittsburgh, which claims to charge tolls for the use of their improvements, to furnish the appraisers with a statement, in writing, of the road held and owned by each corporation, each statement to show—

First—The name of the road or company, the title of the act of incorporation, and of its supplements, with the date of approval of each.

Second—The number of shares now held by the stockholders, and the amount actually paid in by them as capital stock.

Third—The length of road now owned by the Company within the present bounds of the city of Pittsburgh, and the position of its termini.

The statements may be delivered to either of the undersigned, or at the office of the City Controller, Fourth street, Pittsburgh, and are required on or before the 4th day of May next.

W. WADE,
WM. DILWORTH,
ALEXANDER GORDON.
Commissioners.

PITTSBURGH, April 23, 1868.

PITTSBURGH, May 4, 1868.

GENTLEMEN:—In compliance with the above request, the President, Managers and Company of the Pittsburgh, Farmers and Mechanics Turnpike Road Company make the following statement:

First—The corporate name of the Company is "The President, Managers and Company of the Pittsburgh, Farmers and Mechanics Turnpike Company,'' incorporated under the Act of Assembly of the Commonwealth of Pennsylvania, entitled "An act to authorize the Governor to incorporate the Salem and Duberry Turnpike Road Company, the Athens and Troy Turnpike Road Company, the Springhouse and Summerstown Turnpike Road Company, the Pittsburgh, Farmers and Mechanics Turnpike Road Company,'' and to revive the act en' titled "An act to incorporate the Pittsburgh and Beaver Turnpike Road Company,'' approved 16th of April, 1829. The act, as well as the charter of incorporation, gave to the stockholders the grant that they should have perpetual succession.

Second—On page 39 of Pamphlet Laws of 1864 will be found an act of the Legislature authorizing the Sheriff to sell said road, which was accordingly done, and purchased by Joseph Dilworth, who, by the terms of said act, was authorized to form a new Company, with a capital stock of $50,000, at $50 per share, which he did, but finding that the $50,000 would not make the road a good one, the said Company had passed another act, approved 11th of April, 1866, see P. L., page 1427, of 1867, authorizing them to increase their capital stock to 2,000 shares of $50 each, under which they have expended $31,300.00 additional, so that the outstanding stock amounts to 1,626 shares, with $81,300.00 capital paid in thereon.

Third—The whole road lies within the limits of the newly consolidated city, extending from the Greensburg and Pittsburgh Turnpike Road (Company) at Barker's tavern, in Liberty District, to the line of the old city, a distance of about 4½ miles.

Since its incorporation various acts have been passed concerning this road, in relation to tolls, &c., too numerous to mention.

Respectfully submitted.

JOHN B. SEMPLE,
Treasurer Pittsburgh, Farmers and Mechanics Turnpike Road Company.

PITTSBURGH, April 29, 1868.

To Commissioners of Roads, &c.

GENTLEMEN: Below you will find all the information that I am able to give you at this time, as I expect to leave the city to-morrow and will be absent about two months.

NOTICE.

TO TURNPIKE AND PLANK ROAD COMPANIES

The undersigned appraisers, appointed by and in accordance with the act of the Legislature of the State of Pennsylvania, approved April 6th, 1867, have, in compliance with a resolution of the Select and Common Councils of the City of Pittsburgh, entered upon the duties imposed upon them by said act. And to enable them to perform said duties, they hereby request the President and Directors of any and every Turnpike and Plank Road Company within the present bounds of the city of Pittsburgh, which claims to charge tolls for the use of their improvements, to furnish the appraisers with a statement in writing, of the road held and owned by each corporation, said statement to show,

First The name of the road or company, the title of the act of incorporation, and of its supplements, with the date of approval of each.

Second—The number of shares now held by the stockholders, and the amount actually paid in by them as capital stock.

Third—The length of road now owned by the company within the present bounds of the city of Pittsburgh, and the position of its termini.

The statements may be delivered to either of the undersigned, or at the office of the City Controller, Fourth street, Pittsburgh, and are required on or before the fourth day of May next.

W. WADE,
WM. DILWORTH,
ALEXANDER GORDON,
Commissioners.

Pittsburgh, April 23, 1868.

PITTSBURGH, May 4, 1868.

GENTLEMEN: In compliance with the above request, the President, Managers and Company of the Greensburg and Pittsburgh Turnpike Road Company, make the following statement:

First—The corporate name of the Company, is "the "President, Managers and Company of the Greens-"burg and Pittsburgh Turnpike Road Company,'' incorporated August 14, 1814, under the act of Assembly of the Commonwealth of Pennsylvania, entitled a further supplement to the act entitled "an act authorizing the Governor to incorporate a Company for making an artificial road from the bank of the river Susquehanna, opposite Harrisburg, to Pittsburgh, approved March 9th, 1814.

The original act referred to in this last act was approved February 24, 1806.

The acts as well as the charter of incorporation, gave to the stockholders the grant that they should have perpetual succession.

Second—The number of shares now held by the stockholders are 2,559, and the amount actually paid in by them as stock is $143,900.00—see below.

Third—The length of the whole road was originally thirty and one-half miles by measurement from the old Court House, Pittsburgh, to Greensburg. But said Company having a perpetual charter, the old city purchased, upon terms agreed upon, about two miles of said road, as lying within said old city limits. That the length of road now owned by the Company within the bounds of the newly consolidated part of the city is about five miles and upwards.

Since the incorporation of the Company various acts of Assembly have been passed with regard to dividends, elections, salaries, turnpike notes, &c., &c., too numerous to mention and too tedious to enumerate, but which may not be necessary for your supposed duties.

Respectfully,
W. B. NEGLEY,
Solicitor of Road.

N. B.—The road cost $180,336 82, but the difference in stock between $143,900, and that amount was paid by stock which the company afterwards purchased and cancelled, so that the outstanding stock amounts to $143,900.

All of the receipts expended on the road and contingent expenses. No dividends.

To Messrs. Wm. Wade, Wm. Dilworth and Alex. Gordon, Commissioners:

GENTLEMEN: In compliance with the notice to Turnpike and Plank Road Companies issued by you, I respectfully report on the Companies which I represent.

The Braddock's Field Plank Road Company was incorporated in 1850, laid out graded and several expensive culverts erected, and planked from the mouth of Lock No. 1 to Turtle Creek.

Capital paid in $40,000. 1600 shares at $25 each. Bonds issued 8,000.

The Monongahela Turnpike Company was incorporated 1856 and succeeded the Plank Road Company in the occupancy of 4 miles of their road, viz: from the mouth of Lock No. 1 to Six Mile Ferry, the balance of the Plank Road being abandoned to the township.

The capital paid in on the Turnpike Company was $3,200. The amount contributed from other sources to keep up the road I estimate at $6,000.

All the tolls collected since 1856 have been expended in keeping the road up and amounts to over $12,000. Suit was brought against both Companies in 1865, and judgment rendered in favor of James Laughlin and Thos. S. Blair for $540,26, July 7th, 1866., and in favor of J. D. Scully $2,556 50, July 7th, 1866.

The road was then sequestered and J. D. Scully appointed by the Court to take charge of it.

The amount of debt incurred since sequestration is estimated at $1,200. The value of the culverts alone on the portion occupied by the Monongahela Turnpike Company I estimate at $12,000.

JOHN D. SCULLY,
Sequestrator.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE,
WEDNESDAY, July 1, 1868.

The gold market was very weak to-day, 140¼ to 140⅛, with quite a pressure on the market to sell. Never since gold commanded a premium was there such a rush to get 140 for gold to-day, whilst speculators evinced little disposition to buy for a rise. Despite the proposition to pay bonds in greenbacks, nobody has the hardihood to believe for one moment that the whole movement can damage the credit of the nation in the least, and, therefore, nobody cares for speculating on a fraction of a cent on the amount of coupons held. On the other hand, our assertion that the whole rise in Government bonds was entirely due to speculation, either by banks or savings institutions, and not to a demand for investment is fully proven by the sudden decline in bonds to-day. The marke[illegible] well sustained yet at an early h[illegible], although the disposition was to sell, but at noon, a general break ensued, and bonds declined about one per cent.; the heaviest decline was in Seven Thirties, from 110 to 109⅛, and Consols and 1867s from 109¾ to 109, with a decided downward tendency. To-morrow, when the information of the decline is further diffused another heavy decline is expected. Those who have nerve enough to hold out are bound to get their own prices again so soon as the Democratic Convention has adjourned. Capitalists have been in the habit of reinvesting their semi-annual interest in bonds, although bonds are considered high, no better nor safer investment can be formed and after a few days pondering over what to do with their money, will follow the old way of investing, and buy bonds; any reaction in the premium, will only stimulate those who have been slow in purchasing at once and a general rise is more than probable.

In stock the changes are but light; North Western shares keep up and have advanced about one per cent to-day, the balance of the list is nearly unchanged. Fort Wayne and Cleveland & Pittsburgh are rather dull. Express shares have improved, and it seems as if these securities had touched bottom, the decline in bonds will direct capital to these low priced shares.

Mining shares keep firm. Business dull, and money very scarce.

Closing quotations as received by Ph. R. Mertz, were as follows:

Gold, 140¼; 1881 bonds, 117¾; 1862 5-20s, 113; 1864 do, 110¾; 1865 do, 110¾; new, 1865 and 1867, 109⅛; Ten Forties, 107; Seven Thirties, 109⅛.

New York Central, 134¾; Erie, 69¾; Michigan Southern, 91⅞; Cleveland & Pittsburgh, 89¾; Northwestern, common, 73⅞; Preferred, 79¾; Chicago & Rock Island, 105⅛; Pittsburgh & Fort Wayne, 109¾; Ohio & Mississippi Certificates, 29⅞; Merchants Union Express, 25¼; Western Union Telegraph, 34⅛; Corydon, 35; Quicksilver, 22½; Quartz Hill, 1,15.

—The Chicago *Tribune*, of Tuesday, says: The House of Representatives to-day by a vote of 92 to 54 passed a resolution instructing the Committee of Ways and Means to bring in a bill providing for the taxing of the interest on all the bonds of the United States at the rate of 10 per cent.—the tax to be collected by the Secretary of the Treasury. This is nothing less than repudiation of one-tenth of the interest on the public debt. It is saying to the bondholder: We gave you bonds on which we agreed to pay respectively 5 per cent. and 6 per cent.; but now, without the shadow of an excuse for such a proceeding, we propose to arbitarily reduce the interest on the Ten Forties to 4½ per cent., and the Five Twenties to 5 40-100 per cent., and having done this, and established the precedent that the Government of the United States will not respect its pledge, the way will be open for the repudiation of the remainder of the interest, and finally of the whole obligation, which was the means of saving the Government from annihilation. If it does not mean all of this it only means that the House has thrown a sop to the howlers with the understanding that if ever the bill passes the House, the Senate will have sense enough to defeat it.

We also clip the following from the same paper: The week opens with scarcely any change in the local money market from the condition noted on Saturday. Some of the banks report a fair demand for money. The market is, however, abundantly supplied for all legitimate purposes, and, judging by the operations to "corner" wheat, which have been in progress for some days, for some purposes that are not quite legitimate. It is reported that the parties who have been engineering this "corner" and buying up the wheat as it came in at prices which have ranged from $1,80 to $2,10, have been offering to sell at $1,80 to shippers or millers who would take it out of this market. This would confine their prospective profits to such as they wo[illegible] get out of their settlements with "short [illegible]llers, and as they have yet to get rid of th[illegible] wheat they may yet be found to have bo[illegible] a large-sized elephant. At any rate, i[illegible] reports of offers to millers and shippers a[illegible] true—as we believe them to be—the "corner" will not derange the legitimate markets much, except to stimulate the shipment of wheat from the country, which may arrive here on a much lower market than the present. More currency was shipped to the country on Saturday and to-day than for a week previous, and as a large proportion of it has gone to private bankers instead of Nationals it is presumed that it is for the movement of wheat.

—Closing quotations received by James T. Brady & Co.:

Gold, 140⅛; U. S. 6's, 1881's, 113; 5-20's, 1862, 112⅞; 5-20's, 1864, 110⅝; 5-20's, 1865, 11⅜; 10-40's, 107; 5-20's, January and July, '65, 119; 5-20's, January and July, '67 109⅛; June 7-30's, 109⅛; July 7-30's, 109⅛; May Comp., 1865, 119,-30.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
WEDNESDAY, July 1, 1868.

With the thermometer at 91 in the shade, as it was this afternoon, people generally are not disposed to do anything they can avoid, and, this, we believe, has much to do with the dullness which has prevailed for some time past, and which nearly always prevails at this season of the year. Another thing that tends to restrict business is the fact that navigation is virtually suspended, as large quantities of Grain, Butter, Eggs, Hay, and many other articles were sent here by river, which will now be kept still or else seek another marmarket; and, in nine cases out of ten, these same parties who send their produce here to sell expended the proceeds in Pittsburgh manufactures, so that we feel the loss sustained in two ways.

GROCERIES—There is no improvement to note in the tone of the Grocery market, and while the volume of business continues very light, prices are without important change. Sugar is strong in view of a largely increased demand during the fruit season, which is near at hand, while Coffees are dull but unchanged. The following are the ruling quotations:

SUGARS—Cuba, 12½c for good grocery 12¾ to 13c for prime; and 14c for choice; Porto Rico—good, 13c; prime, 13½; choice, 14½ to 15c; Clarified Cuba, 14 to 14½c. Refined—Standard Hard, 17¾c; A, 16¾c; B, 16½c; Extra C, 16¼c; Sugar House, 11½c.

COFFEE—Rio ranges all the way from 21 to 26c for common to strictly prime. Java 27 to 38c.

SYRUPS—Lovering's $1; Silver Drips, $1; White Drips, $1,10; medium brands, 70 to 80c; common, 50 to 60c; Booth & Edgar Syrup, 90c.

RICE—Rangoon, good, 10c; prime to choice, 11 to 11½c; Carolina, 12 to 12½c.

MOLASSES—New Orleans, 90 to $1; Cuba, 65 to 70c; Porto Rico, 70 to 85c.

SPICES—Cassia, 80 to 85c; Cloves, 50c; Pepper, 38c; Allspice, 35c; Nutmegs, $1,50.

STARCH—Madison, 8c; Silver Gloss, 12½c, and Corn Starch, 13½c.

FRUITS—Layer Rasins, $4,75 per box; Valentia, 20c per lb; Prunes, 17c; Currants, 14c for new.

BAR LEAD—12c; Shot, $3,50 per bag.

SOAPS—"Babbitt's," 12c; "Oakley's," 11½c; Rosin, 5 to 7c; "Dobbin's," 15c.

CANDLES—Mould, 16c; Star, 23c.

CONCENTRATED LYE—$7,50 per case.

BI CARB SODA—$8,50 per 100.

F[illegible]SH—White Fish, $9,00; Lake Her[illegible], $5,00; Mackerel No. 1, $22; No. 2, [illegible]8,00; No. 3, $13,50; in half barrels, 50c more.

TOBACCO—Black 5s, 10s, ⅛s and Louisville Navy, 72 to 75c; Wm. H. Grant's 10s and Navy, 80c; C. & D. Tobacco, 22c to 25c for best.

TEA—The market is firm and prices are higher for new crop. Choice Young Hyson, $1,75; fair, $1,50; common to good, $1 to $1,35; Oolong, 75c, 85c, 90c, $1, $1,25 and $1,35; good Porto Rico, $1 to $1,85, as to quality. Imperial, $1 to $1,85. Japan—Choice, $1,30; fair $1.

GRAIN—Wheat is quiet and unchanged at $2,30 to $2,35 for prime Red and White Winter. Corn is quiet and in light supply; sales of Shelled at $1,03 to $1,05, on track and in elevator. Oats—the demand is no better, but the market appears to be stronger, in view of the fact that holders expect a higher range of prices within the next few weeks; we continue to quote at 76 to 78c, on track. Rye is in good demand scarce; small lots are bringing $1,60, and a round lot would bring 5 to 10c more. No Barley in market.

SALT.—Is dull and nominally unchanged; $1,75 to 1,80 to the trade, and $2,00 for small lots.

DRIED FRUIT.—Is exceedingly dull, and holders generally are very anxious to close out their old stock. Apples may be quoted nominally at 5½ to 6½ and peaches at 10½ to 12¼.

BUTTER—Is in better supply, dull and drooping; prime to choice packed may now be quoted at 24 to 26.

EGGS—Continue dull and drooping; sales reported to-day at 20 to 21.

CHEESE—Unchanged at 13 to 14 for Western Reserve and Hamburg; 15 to 16 for Factory; 18 for Limburg and 19 to 20 for Sweitzer.

HAY—Is selling at scales at from $15 to $22 per ton, for common to strictly prime Timothy.

POTATOES—There was a good demand for New crop to-day at $6 to $6,50 per bbl. Old crop unchanged at $1,15 to $1,20 per bushel.

FLOUR.—Is quiet and dull but unchanged at $9 to $9,50 for low grade Spring; $10 to $10,50 for good to choice; $11 to $11,50 for Winter Wheat, and $13 to $14 for fancy brands. Rye Flour is still quoted at $9.

LARD OIL—Is unchanged at $1,20 for No. 2, and $1,40 for No. 1.

PROVISIONS—Bacon is quiet and unchanged at 13½c for Shoulders; 16c to 18c for Ribbed and Clear Sides, and 19½c to 19¾c for Canvassed Sugar Cured Hams. Lard, 17¾ to 18c, for prime kettle rendered. Dried Beef, 21 to 22c. Mess Pork, $28 to $28,50.

New York Dry Goods Market.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, July 1.—Cotton goods are gathering strength and the tharket is fairly active for the season. Lonsdale bleached muslins have been advanced to 19, and Androscoggin to 18½; Amoskeag, 18. Atlantic A Brown Sheetings sell readily at 18 and tend upwards; Indian Head, Appleton A, and Pacific extra, 17½; Atlantic L, 16, and Atlantic V sheetings, 15. Light style of fancy calicoes are being closed out low, but dark styles command full prices, as for instance, Merrimack D in light patterns sold as low as 11½, while dark bring 13½, as do American, Richmond, Manchester and Allens, but light styles of the same makes are selling at 12½. Glasgow Ginghams continue a little irregular at 14a17. Lancaster steady at 18. Light makes of of unbleached muslin held much firmer than recently. Massachusetts B B, and goods of this class now sell readily at 14½.

Cleveland Market.

[By Telegraph to the Pittsburgh Gazette.]

CLEVELAND, July 1.—Flour, double extra red winter $11,50a12,00; double extra spring $10,50a11,00; country brands dull at $9,00a10,00 for double extra spring; $10,00a11.50 for double extra red winter, $12,50a13,00 for treble extra white. Wheat, No. 1 red at $2,23a2,25. Corn, spot corn 92c.; sale of 2,000 bushels at 90c, seller, July. Oats, sale of 4 cars at 73c. Rye market dull and inactive, held at $1,75a1,80 for No. 1. Barley nominal.

St. Louis Cattle Market.

[By Telegraph to the Pittsburgh Gazette.]

ST. LOUIS, July 1.—The supply and demand for cattle is moderate and prices easy, at 3a6½c, gross, for inferior to choice, with most of sales at 4a6c. Sheep and lambs in request; sheep range at $1a5 per head; lambs $1,50a1,75.

Chicago Cattle Market.

[By Telegraph to the Pittsburgh Gazette.]

CHICAGO, July 1.—Beef cattle dull and [illegible]lected with a downward tendency. H[illegible] have advanced [illegible]50c, and prices [illegible] from $7,60 to $8,[illegible] Receipts 4,511; shipments—562 hogs.

THE PHYSICAL WOMAN.

Somebody is doing the "Woman Question" in *Harper's* from a physical point of view, and he indulges in sundry graphic and interesting descriptions, from which we make the following extract:

A woman's arm is beautiful when, gradgradually enlarging from a delicate wrist, it becomes round and plump, with rather more fullness of the outer than inner side. It is seldom sufficiently developed in the modern women of fashion to reach the standard of classical beauty. She does not use her limbs, and especially her arms, sufficiently to give them the muscular growth of which they are capable; and there is no more expressive illustration of the effects of exercise and indolence than the contrast between the blanched and tender pipestems of Miss Sophonisba in the parlor, and the bulky and glowing sledge-hammers of Bridget in the kitchen.

A delicate and beautiful hand is considered as the especial privilege of people of leisure. It is seldom found among those women who are obliged to work hard, though they may be endowed with fine eyes, a beautiful mouth, or all other female charms. We are told that small and dellicate hands are more common in the United States than elsewhere; but perhaps we should hesitate in accepting this compliment to the good looks of our women at the expense of their industry.

A well-made hand should be delicate and somewhat long. The back should be just plump enough to prevent the veins from being too prominent. The fingers must be long, pulpy, and tapering, forming little graduated colums of perfect proportion. When the hand is open there should be little dimples at the knuckles, which should be slightly prominent when the hand is closed.

Each finger ought to be gently curved on the back, and somewhat flat on the inner side. The thumb should not pass beyond the middle joint of the forefinger, which should terminate when extended precisely at the base of the nail of the middle one. The ring finger ought not to extend more than half way up the nail of the same, and the little finger should be exactly of the length of the two joints of its neighbor. The palm of the hand, when open, should be somewhat deep, and bordered with a slightly curved and pulpy cushion of flesh. The skin of the whole should be delicate, smoothe, mostly white, but here and there slightly tinted with rose color. The fingers must have an air of ease and flexibility. The common habit of stretching their joints with the view of making them snap is fatal to their regularity of proportion and beauty.

THE ministers of the gospel in Chambersburg, have passed a series of resolutions in reference to funerals, which might be adopted without detriment in other places. They are as follows:

WHEREAS, Great confusion and inconvenience frequently result from the customs that prevail in this place, in connection with the burial of the dead; therefore

Resolved, 1. That we earnestly recommend that the hour named for funerals shall hereafter denote *the exact time at which the religious services will be commenced*, instead of the time when the people are to assemble; and that families and friends be requested to take this into consideration in making their arrangements.

2. That we earnestly request our people not to appoint burial services on Sundays, when it can possibly be avoided.

3. That in cases when families do not belong to any congregation, the minister expected to officiate should receive especial notice of the fact.

4. That we wish it to be regarded as no mark of indifference, if we do not always attend funerals in connection with which we have no official duty.

5. That hereafter it should not be considered a discourtesy, if ministers and people should fail to return with funeral processions to the place from which they have started.

THE Milwaukee *Wisconsin* says that on the passage of a steamer from Chicago a few nights since; an insane woman slipped unobserved away from her guardians, and after a fruitless search one of the sailors discovered through the darkness a singular object on the walking beam of the boat, lights were brought, when it was found that the object was the insane woman. She sat on the walking beam as a lady would sit on a sade saddle, and appeared to take extreme delight in being borne up and down with it. As the passengers flocked around she became more excited and behaved more recklessly, and it was feared that she would fall among the machinery and be crushed to death. A heavy sea was running and it was not safe to stop the engines, but they were made slower, at which the poor woman appeared indignant, threatening to jump off if it did not go faster. How to get her off was a question. The passengers were requested to move way, and then several of the crew, after a number of fruitless attempts, succeeded in grasping the woman as the walking beam came down and rescued her, much to her regret. How she got upon the dangerous perch was a mystery.

WARNING TO AGE CONCEALERS.—A lady, as far back as 1825, insured her life for the benefit of her relatives. She died only a few months ago; but on coming to compare her age, as given by herself at the time of effecting the insurance, with that on the certificate of birth required by the office to be obtained after death, from the parish register, it was found that although the lady was in reality forty-two years old in 1825, she only owned to thirty-five, and paid premiums on that scale forty-two years. The office, had it been disposed, might have declared the policy absolutely forfeited. It took a more generous course; the policy was admitted as a claim, but from the amount that would have come to the legatees, if all had been in order, the difference of premium between thirty-five and forty-two, for forty-two years, with interest and compound interest thereon, from the period that each premium became due, was deducted. The legatees thus received not more than half the nominal amount stated on the policy.

A SAD accident occurred at Wigan, England. A considerable number of women and children, attracted by the antics of a performing monkey, were gathered together in a narrow thoroughfare, when a horse, frightened by the noise of a barrel organ, dashed into the crowd, and the vehicle to which the alarmed animal was attached, was dragged over the bodies of ten persons, chiefly children, several of whom were dangerously hurt.

THE postponement of the Colorado bill in the Senate is regarded by the friends of the measure as equivalent to deferring action upon it until the next session of Congress.

CLIPPINGS.

ISRAELITES are constantly subject to the charge, that they do not consider themselves permanent citizens of the country where they reside, but they are awaiting the coming of a temporal Messiah, who will establish the nation in Palestine. This charge was denied by Rabbi Lilienthal at the recent laying of a corner stone of a house of worship for Israelites at Cincinnati. Dr. Lilienthal said: "America is our Palestine; here is our Zion and Jerusalem; Washington and the signers of the glorious Declaration of Independence, of universal human right, liberty and happiness are our Messiah; and the time when their doctrines will be recognized and carried into effect all over the world is the time so hopefully foretold by our great prophets. When men will live together united in brotherly love, peace, justice and mutual benevolence, then the Messiah has come indeed, and the Spirit of the Lord will have been revealed to all his creatures."

PATENT FUEL.—At a recent meeting of the South Wales Institute of Engineers, in the course of some remarks on the utilization of small coal by manufacturing it into blocks of fuel, Mr. Luckes, from the Forest of Dean Works, alluded to the manufacture of fuel bricks at his establishment by a machine, the invention of Mr. Haywood, of Gloucester, and manufactured by the Uskside Company, at Newport, in a very satisfactory manner. The blocks of fuel are dipped into petroleum, and a large quantity absorbed. The block was then made waterproof, and a lighted candle could be passed over it without its becoming ignited; but the block, when broken, ignited immediately, and burnt with great brilliancy. He thought this would form a most important addition to the fuel employed for marine engines; provided means could be adopted for stowing it in safety.

A NEW locomotive car for street or steam railways is announced. It is said to solve a very difficult problem in railway mechanics. Driving wheels are dispensed with, motion being communicated direct from the piston in the cylinder to the wheels of the truck by means of "parallel rods." In case of the circular movement of the truck, boiler, engine, and all connected therewith revolve. One of these cars has been running for nearly two years on the Stoughton branch of the Boston and Providence Railroad. The cost of one capable of seating sixty persons, more or less, is $10,000. Among its other commendable qualities for street use, it is said that it will not frighten horses, or make objectionable noise, more than horse cars; that the machinery is out of view, there being no toothed gears, bell, or whistle, and no puffing noise escape the exhaust steam.

ANOTHER THAMES TUNNEL.—By the close of this year London expects to have a second tunnel beneath the Thames open for passenger traffic. Mr. Peter Barlow, Jr., has drawn a plan for a new cutting near the Tower; a bill has been carried through Parliament; and a contract has been all but co[illegible] executing this important we[illegible] [illegible]an to sink a vertical shaft on e[illegible] the river to a depth of fifty feet, furnished with a hydraulic lift to raise and lower a carriage and ten passengers; to drive a tunnel in the clay under the river, not exceeding eight feet in diameter, between these shafts, and to line it as driven, partly with Staffordshire blue bricks, and partly with cast iron, by which means it can be rendered air-tight, and all danger from the river avoided.

LAST week a man, claiming to be from Ballston, N. Y., made his appearance in Warren, Mass., and called on a well-to-do farmer, asking him various questions about farming, crops, &c., and writing the farmer's answers in a blank form which he had with him. When he had completed his interrogations, he obtained the farmer's signature at the bottom of the blank and left him. He next made his appearance in a negotiation with a man who was in the habit of buying notes, having the note of his farmer acquaintance, which he had made by writing it above the genuine signature on the blank. He offered the note at a liberal discount and effected a sale, but was suspected and found out before he could leave town. He was arrested.

TWO STRANGE creatures were recently discovered on the rocks by the commander of the British frigate Shearwater during its passage through the Straits of Magellan. These wild men were at first taken for Patagonians, but on nearing them, however, they turned out to be two Englishmen, who had formed part of the crew of the Chanticleer. Being sent on shore, the bad weather prevented them from regaining their vessel, and they were cast on the Patagonian coast. They had existed for six weeks on mussels picked from the rocks, and when discovered were covered with snow. Hourly expecting death, they had jointly sworn that the survivor should not eat the other.

THERE were three hundred and eighty-eight deaths in New York last week.

SPECIAL NOTICES.

☞ **MANHOOD AND THE VIGOR** OF YOUTH restored in four weeks. Success guaranteed. DR. RICORD'S ESSENCE OF LIFE restores manly powers, from whatever cause arising; the effects of early pernicious habits, self-abuse, impotency and climate give way at once to this wonderful medicine, if taken regularly according to the directions, (which are very simple, and require no restraint from business or pleasure.) Failure is impossible. Sold in bottles at $3, or four quantities in one for $9. To be had only of the sole appointed agent in America, H. GERITZEN, 295 Second Avenue, New York. je13:164-TTS

☞ **PHILOSOPHY OF MARRIAGE**, a new Course of Lectures, as delivered at the New York Museum of Anatomy, embracing the subjects: How to live and what to live for; Youth, Maturity and Old Age; Manhood generally reviewed; the cause of indigestion, flatulence and nervous diseases accounted for; Marriage philosophically considered, &c. Pocket volumes containing these lectures will be forwarded to parties unable to attend, on receipt of four stamps, by addressing SECRETARY, New York Museum of Anatomy and Science, 618 Broadway, New York. je13:165-TTS

Extension.—A twelve inch water pipe is being laid on Liberty street, from Clymer to Smith street.

Cleaned.—The Pittsburgh Market House underwent a thorough scrubbing out yesterday, which considerably improved its appearance.

Carson Street.—The paving on Carson street, which was torn up in order to lay the double track on the Pittsburgh and Birmingham Passenger Railway, will be completed to-day.

Hot, Hotter, Hottest.—Yesterday was one of the hottest days on record, the themometer standing 94 degress in the shade. This is the highest point it has reached this season, 93 being the next.

Committed.—In default of $500 bail for his appearance at Court, Jerome Drum was yesterday committed to jail by Justice Ammon, of East Birmingham, on an information of assault and battery preferred against him by C. E. Richards.

Progressing.—The repairs on Dam No. 2, at Port Perry, Monongahela river, are progressing rapidly. The crib has been sunk and is filled with stone, and the sheeting will be put on this week. It will require about two weeks to complete it.

Laying Off.—The work of laying off the graded portion of the Allegheny Commons, according to the plan of the proposed park, has been commenced. Workmen were engaged yesterday in making a centre path fifteen feet wide, from Federal street to the Fort Wayne Railroad track.

Refused to Pay Toll.—Wm. May insisted on crossing the St. Clair street bridge yesterday morning without paying toll, when he was arrested by officer Hugh Boyle and taken before Alderman Humbert, where, after taking a voluntary oath not to repeat the offense, he was discharged at the request of the prosecutor.

Held for Court.—Job Adams was arrested yesterday on an information made against him before Alderman McMasters for assault and battery and surety of the peace, on oath of Charles McGinn. After a hearing he was held to bail in the sum of $500. The parties reside in the Fifth ward, Allegheny.

A Terrible Explosion.—Yesterday afternoon about half-past three o'clock, an engine at an oil well near Titusville exploded, scattering the apparatus in all directions, and blowing the engineer to atoms. The name, or any of the circumstances connected with the unfortunate man, who is supposed to be a Pittsburgher, are unknown.

Kicked Him.—Patrick Murray, of the Fifth ward, made a rather free use of his foot in the neighborhood of Michael Cavanagh's body yesterday, resulting in the creation of a sore place on the same. Michael found relief to his injured feelings in an information before Alderman Taylor for assault and battery against the owner of the belligerent foot. A warrant was issued.

Larceny by Bailee.—George Balph made information before Alderman Bailie yesterday charging Micheal Lynch, proprietor of the Lynch House, Second ward, Allegheny, with larceny by bailee. The prosecutor alleges that he entered the tavern last Thursday and called for a couple of drinks, offering in payment a five dollar bill, which defendant took, refusing to give him any change, and which he retains in his possession. Warrant issued.

The Clothiers' War.—Some time since we published an account of a difficulty between several St. Clair street clothiers, which was amicably adjusted; but yesterday it appears to have broken out afresh. Lewis Phillips, one of the clothiers, made information before the Mayor charging Jacob Stein and Joseph Podolesking with assault and battery, and against Jacob Stein for surety of the peace. The accused were arrested and held for a hearing.

Bold Thief.—Tuesday morning about six o'clock some bold thief entered the room of Mr. Pease, an Insurance Agent, who boarded at Mrs. Fulton's on Fourth street, and stole thirty or forty dollars. The gentleman heard some person in the room at the time, but supposed it was some of the other boarders, and gave the matter no attention. Rising a short time after, he found his clothing scattered in various parts of the room and the money gone.

Disorderly House.—Mary Hurd made information before the Mayor yesterday, charging Mrs. Atchison and Rose Harvey with keeping a disorderly house. The accused lives at No. 9 and the prosecutrix at No. 13 Cherry alley. She alleges that persons of doubtful character, of both sexes, vist the house, and that the conduct of the inmates generally is of such a character as to annoy the entire neighborhood. The accused were arrested and held for a hearing.

Beat His Wife.—Ann Payne, residing in Kilday's Court, Third ward, alleges that her husband John Payne, who is a blacksmith, came home a few evenings since and not finding his supper prepared for him, became very angry and made an anvil of her body, beating and abusing her in a shameful manner. The gentleman had a hearing before Alderman M'Masters yesterday on a charge of assault and battery, and was held to bail in the sum of five hundred dollars.

Victimized.—A hand engaged on the farm of Mr. Fritz, on the Perrysville plank road, victimized his employer on Monday evening last, out of twenty-five dollars in greenbacks and a valuable silver watch. He also relieved his room mate of eighteen dollars at the same time. It seems that he quit work in the evening, and after supper disappeared and has not been heard from since. His departure and the loss of the money occurring together, naturally excited a suspicion that he took it with him.

Ale Pump Case Again.—Mary Blair made a new information before Alderman McMasters against Wm. Lynch for larceny by bailee, of an ale pump valued at one dollar and seventy cents. This is an old case, the particulars of which we published a few days since. The first information was made before Alderman Bailee, the prosecutrix, however, withdrawing the suit and paying the costs. A hearing was had on the second information and the defendant held in the sum of $500 for his appearance at Court.

Assault and Battery.—Eliza Williams, an aged lady over sixty years of age, residing in the Third ward, Allegheny, appeared before Alderman McMasters yesterday, and lodged an information against S. W. Mathay for assault and battery. She alleges that the defendant came to her house under the influence of liquor a few days since, and without any provocation beat and otherwise abused her. The accused was arrested and held to bail in the sum of five hundred dollars for his appearance at Court.

Ferocious Dog.—Elizabeth Muehlenbrink made information before the Mayor yesterday, charging Lewis Ledderer with keeping a ferocious dog. Ledderer resides at No. 17 in the Diamond, and is the owner of a small poodle dog, which it appears bit the son of the prosecutrix in the leg. The boy, it is alleged by the defendant was teazing the dog at the time. The bite was not a serious one, but the prosecutrix insisted that the dog should be killed. The owner of the dog at length consented to have it killed in order to gratify her, and the case was compromised.

PRESBYTERIAN UNION.

Meeting of Joint Committee of Reformed and United Presbyterian Churches—Propositions From Both Churches—Basis Reported and Adopted Except one Resolution—Union Hopeful.

The Joint Committee of the Reformed and United Presbyterian Churches met again on Wednesday morning at nine o'clock, and was opened with prayer by the Rev. Dr. Cooper. An hour and a half was spent in interlocutory, after which the Committee proceeded to business, when two papers were read, giving the views of both sides on the subject of organic union.

Rev. John T. Pressly, D. D., read the following paper, expressive of the views of the Committee of the United Presbyterian Church:

We, members of the Reformed and United Presbyterian Churches, cherishing a profound regard for our distinctive names and past history, and for the attainments of these Churches exhibited in their respective standards, and believing that our views of Christian doctrine are so identical that there is no real obstacle in the way of organic union; and being persuaded that under existing circumstances, to maintain distinct organizations would involve the guilt of schism, would recommend to our respective Churches that an organic union be formed on the following basis:

Resolved, That a union between the Reformed Presbyterian and the United Presbyterian Churches, is not only highly desirable, but that it can be effected without any surrender of principle by either of the parties.

And whereas, during former negotiations, which resulted in a union between the Associate and Associate Reformed Churches, the Reformed Presbyterian Church was represented, when it was unanimously agreed in Convention, that in the event of a union the united body should be known by the name of the United Presbyterian Church; and whereas this name contains nothing peculiar to either of these churches, therefore

Resolved 1. That the name United Presbyterian Church is an appropriate designation for the different Reformed churches, when united in one organic body.

And whereas, the Testimony of the United Presbyterian Church was framed with reference to the faith held in common by the Reformed churches; and whereas the Testimonies of the Reformed Presbyterian and the United Presbyterian churches are substantially the same; and whereas a multiplication of Testimonies is undesirable and unnecessary, therefore

Resolved 2. That the Testimony of the United Presbyterian Church shall be acknowledged as the Testimony of the United Church.

Resolved 3. That for the present, congregations shall be at liberty to use either of these Testimonies as may be most conducive to edification.

Rev. John Douglas. D. D., then read the following paper, embodying the terms upon which the Reformed Presbyterian Church would enter into organic union with United Presbyterians:

WHEREAS, An organic union between the General Assembly of the United Presbyterian Church and the General Synod of the Reformed Presbyterian Church is most desirable and of the utmost importance to the maintenance and more general diffusion of the great principles held in common by them, and the advancement and enlargement of Christ's kingdom; *And whereas*, the respective testimonies of these churches are substantially the same, if not perfectly identical; therefore

Resolved, That these Churches agree to form an organic union on the basis of the principles embraced in their respective Testimonies and the other subordinate standards which they hold in common, until there shall be a general revision of the whole; and these standards shall be received *simpliciter* as teaching the doctrines of the United Church.

Resolved, That these churches, when united, shall be called the General Assembly of the United Presbyterian Church, consisting of the General Synod of the Reformed Presbyterian Church and the General Assembly of the United Presbyterian Church, and the Supreme Judicatory of the United Church shall be styled "The General Assembly of the United Presbyterian Church in North America."

Resolved, That all cases of a judicial kind shall be tried and issued according to the discipline, at present in force, of the General Assembly of the United Presbyterian Church.

Resolved, That the bodies composing this union retain and reserve in respect of all temporalities belonging thereto, or to the several congregations respectively under their care, or to any person or persons in trust for them, all civil rights, interests, bequests, endowments and donations whatever, to all intents and purposes whatsoever, as if the said union had not taken place, until these may be legally transferred to the United Church.

Resolved, That the several bodies in this union shall reserve to themselves and to the Ministers and Elders of the congregations under their care respectively, and to the successors of such Ministers and Elders, so long as occasion may require, the right to meet at such time and place as they may see fit, under their present corporate names, for the transaction of such business only as relates to the temporalities of these bodies.

Rev. Dr. Douglas presented a letter from Rev. Samuel Young, a member of the Committee from the Reformed Presbyterian Church, in which he assigned a reason for his absence, expressed regret at his inability to be present, and urged in strong terms the importance of consummating the contemplated union.

On motion the letter was received and placed on file.

The two papers were then discussed at great length by all the members of the Committee. It was finally resolved that they be referred to a committee of four—two from each Church represented—to bring in a report in the afternoon. The following gentlemen were appointed as the Committee: Rev. Drs. Pressly, Cooper, Douglas, and McMaster.

The Joint Committee then adjourned to meet in the afternoon at 3 o'clock, Rev. Dr. Douglas concluding by prayer.

AFTERNOON SESSION.

The Committee met in the afternoon and was opened by prayer with the Rev. J. F. Morton.

The Committee appointed in the morning, made the following report:

Whereas, An organic union between the General Assembly of the United Presbyterian Church and the General Synod of the Reformed Presbyterian Church is most desirable and of the utmost importance to the maintenance and more general diffusion of the principles which they hold in common; and whereas, the respective testimonies of these Churches are substantially the same, if not identical; and whereas, the testimony of the United Presbyterian Church was framed with reference to the faith held in common by the Reformed Churches; and whereas, during former negotiations which resulted in a union between the Associate and Associate Reformed Churches, the Reformed Presbyterian Church was represented, when it was unanimously agreed in convention, that in the event of a union the united body shall be known by the name of the United Presbyterian Church; and whereas this name contains nothing peculiar to either of these churches; therefore

Resolved, 1. That these churches agree to form an organic union on the basis of the principles embraced in their respective testimonies and the other subordinate standards which they hold in common.

Resolved, 2. That these churches when united shall be called the United Presbyterian Church, consisting of the Reformed Presbyterian Church and the United Presbyterian Churches, and that the Supreme Judicatory of the United Church shall be called, the "General Assembly of the United Presbyterian Church of North America."

Resolved 3. That the Testimony of the United Presbyterian Church shall be acknowledged as the Testimony of the United Church.

Resolved, 4. That for the present, the substantial agreement of the testimonies of these respective churches being recognized, congregations in the united church shall be at liberty to use either as may be most conducive to edification.

Resolved 5. That the different Boards and Institutions of the respective Churches shall not be affected by this union, but shall have the control of their funds, and retain all their corporate or other rights and privileges until the interests of the Church shall require a change.

The preamble, first, second, fourth and fifth resolutions were adopted unanimously and without debate.

It was agreed to postpone the further consideration of the third resolution until the next meeting of the Joint Committee.

We may state that the members from both churches represented, are well pleased with the progress made, which in their opinion, and, as the above action will show, has been very considerable. It is firmly believed that at the next meeting all the preliminary negotiations will be closed with entire unanimity.

It was resolved that the Committee hold another meeting in the city of Pittsburgh on the first Wednesday of November next, at nine o'clock a. m. Rev. Dr. Easton led in prayer, and after singing the 133d Psalm and the pronouncing of the benediction by Dr. Pressly, the Joint Committee adjourned to meet at the time and place appointed.

County Executive Committee Meeting.

The Republican County Executive Committee held a meeting yesterday at two o'clock P. M., at Republican headquarters, City Hall, Hon. Russell Errett in the Chair and John H. Stewart Secretary.

A number of district sub-committees were announced but the lists are not yet completed.

Captain Samuel Kilgore was added to the committee, and several names were suggested as members of the Committee, to be acted upon at the next meeting.

The regular meeting of the Committee was fixed for Wednesday afternoon of each week, at two o'clock.

After the transaction of business of a private nature, the Chairman announced the following standing committees for the campaign:

Committee on Speakers and Meetings—E. A. Montooth, Chairman; John S. Lambie, James McBrier, A. M. Watson, W. C. Moreland, Samuel Harper, H. P. Mueller, Edward House, W. B. Cook.

Appointment of General Superintendent.

We learned a few weeks since that our most worthy and excellent friend, William Stewart, Esq., General Freight Agent of the Cleveland & Pittsburgh Railroad, had been appointed General Superintendent of the road, but out of deference to his extreme modesty did not feel at liberty to make it known. Now, however, that it has "got into the papers," we do not feel under obligations to conceal it any longer from our numerous readers, many of whom we know will be gratified to hear of the further promotion of one of the most honorable and upright, and, at the same time, most unassuming gentlemen in the community. Mr. Stewart was connected with the road long before it had continuous rail to Pittsburgh, and has ever since been identified with its interests. The invaluable services which he has rendered to increase its business, promote its prosperity and develop its resources, have been handsomely recognized in his appointment to the responsible office of General Superintendent. He shares with the able President, J. N. McCullough, Esq., the honor and the credit of the great prosperity which that very popular line now enjoys. We are assured, on good authority, that even the boys on the road have the highest respect for Mr. Stewart. It could not be otherwise. We congratulate him heartily on his appointment.

The Hon. Lewis Pugh, of Luzerne county, writing to a friend in this city, pays the following merited tribute to Gen. Negley:

"I am greatly pleased to hear that your favorite candidates were all nominated, and I sincerely hope that they will all be triumphantly elected. I look upon Gen. Negley as one of the best men west of the Alleghenies. During the late terrible civil war, I watched his military career and advancement with peculiar interest, for the reason that many of our brave Western boys were under his command. Since then I learn from them that he was a brave and chivalrous commander, always gentlemanly and kind to his subordinates; and he went through the struggle with a record untarnished. I am heartily glad he is nominated, and will be more so when he is elected."

Water Pipe.—The Water Committee of East Birmingham are having a six inch water pipe lain on Railroad street, from Carson street to the river.

SUPPOSED HOMICIDE.

The Body of a Man Found on the Allegheny Valley Railroad Track—Supposed to have been Murdered and Placed there.

Tuesday afternoon the body of a man was discovered lying on the track of the Allegheny Valley Railroad, near Parker's Station, by the engineer of the express train due at that point at 3:33 p. m. The engine was reversed, but the train was runing so fast that it was impossible to stop it in time to prevent it from passing over the body. Both legs were severed from the body and it was otherwise horribly mutillated. Upon investigation the body was identified as that of Ned O'Hara, an employé of the road. It appears that the deceased and a man named DeMara, also an employë on the road, had been paid off that morning, and had been at Logue's tavern, at Parker's Station, drinking. While there they got into a quarrel and mutually agreed to go out and fight, leaving the house together, as was supposed, for that purpose. Since that time nothing has been seen of DeMara, and the first seen of O'Hara was the finding of his body on the railroad track, as above stated. His coat and hat were found on the bank of the river, some distance from where the body was lying, and when discovered by the engineer the body was lying between the rails, parallel with the track, and was apparently lifeless. These facts, taken in connection with the quarrel between the parties and the sudden disappearance of DeMara, naturally lead to the conclusion that the man was murdered and the body placed on the track by the murderer in order to create the impression that the man had been killed by the train, thereby covering up his guilt.

MORTGAGES.

Same day fifteen mortgages were filed.

Arrival of the "Pendleton Escort."

The special train on the Panhandle railroad, on which was a delegation from Ohio to the New York Convention, called the "Pendleton Escort," which we mentioned in our last issue, arrived in this city about eight o'clock yesterday morning. The train was stopped at the corner of Third and Try streets, while the escort numbering about one hundred and fifty men, and the Cincinnati cornet band were "unlanded" and formed in procession. After waiting about fifteen minutes, the reception party, consisting of the Democratic "Cass Club" about fifty in number, and about the same number of boys, made their appearance, headed by the Great Western band, forming in front of the "Escort." A squad of the Mayor's police formed in front of the procession which moved to the Union Depot by the route published yesterday. Arriving at the depot a lunch was served in the shed on the east side of the platform. There was but little enthusiasm in the procession, and after despatching the lunch the Escort re-embarked, and the train moved off amid a few faint cheers from the passengers.

One of the Cincinnati papers in speaking of the departure of the "Escort" from that city says: "The Escort takes along, in the commissary cars, fifteen barrels of whisky, one hundred kegs of lager beer, and provisions enough to feed its members on the trip to New York."

Teachers Elected.

At a meeting of the Third and Tenth ward School Boards held on Tuesday evening, June 30th, the following teachers were elected for the ensuing year: Principal—J. N. Stephenson. Teachers—Emma Montgomery, Maggie McElroy, Jennie Hastings, Emma Smith, Nim. F. Hebron, Mattie McNight, Jennie Mitchell, Lizzie Crooks, Fannie Cougher, Ida F. McClarren, Esther Johnson, Sallie M. Hunter, Mattie J. Graham, Sallie A. Wallace. Janitor—James O'Brien.

Opera House.—The Minstrels at this establishment last night went through their varied programme in the presence of one of the largest and finest audiences with which they have yet been greeted. The singing of Mr. Carncross was really an exceedingly delightful performance, while the "funny men" seemed almost to surpass themselves in humor. To-night there will be an entire change of programme, and on Saturday afternoon a grand matinee will be given.

The Glorious Fourth cannot be more pleasantly spent than at the favorite Riverdale Summer Resort, at Haysville, eleven miles down the P. F. W. and P. and C. Railway. Ample arrangements have been made for the enjoyment of all who wish to spend a pleasant day in quiet enjoyment and innocent recreation and amusement at this comfortable and first class resort. Trains will leave at the usual times as per schedule.

The Agricultural College of Pennsylvania.

We would call attention to the advertisement of this institution in another column. An entire change has recently taken place in the management and also in the plan of pursuing the studies. In most schools everything is taught from books; here books are used, but every theory is put into practice; the students of chemistry and botany must do their own analyses, and the students of the languages study practical composition. This plan with an extensive faculty of acknowledged ability, embracing such names as Professors Clark and Rothrock and Dr. Stuart, names which are well known to persons familiar with their several branches of study, ought certainly to succeed and will certainly if energy and merit meet with their reward. The early reputation of the College is against its present success, but that which it is now winning is a splendid capital for the future. As a State institution, Pennsylvanians should encourage it, and as a really excellent school, fathers should send their sons to it. We really hope that under a new and competent administration the school will succeed as a Pennsylvania school should succeed.

Simple Facts Beyond Dispute.

Last year the Singer Sewing Machine Company, owing to the perfection reached in their new noiseless machine, sold 43,053—being 5,000 machines more than the sales of the next largest company.

This machine having been before the public but little more than two years, and having been rarely seen in print, does it not follow that it must possess extraordinary merit to have achieved such success?

No matter how great your prejudice may be in favor of any other machine, a visit to the sales room of Straw & Morton, corner of St. Clair and Penn streets, will result in converting you the belief that Singer's new noiseless machine is infinitely better than any other.

It runs as light as the lightest.

It has the most perfect feed.

It has the best hammer and other attachments.

It has a self-adjusting tension.

It has a wider range of work without change of needle, thread or tension than any other machine. It is as certain at all times and as durable as Singer's old machine, and is much simpler than any machine yet invented.

Most Bitters of the present day that are loudly puffed through the newspapers as having great curative properties are vile compounds and base impositions, containing no medicinal virtues whatever, and are really very poor whisky beverages, and, instead of acting as a stimulant and tonic, have a tendency to weaken the stomach by entirely destroying the coating. The public should therefore be very cautious and purchase none but *Roback's Stomach Bitters*, which have stood the test as a remedial agent for many years, and are really as their name indicates, a *stomach bitters* and *not a beverage*. They combine the properties of the best tonic and a stimulant—a laxative, an efficient and anti-bilious agent and the best stomachic known to the world, and when taken in conjunction with *Roback's Blood Pills*, are the safest and surest preventive against all bilious derangements, thoroughly regulating the whole system and giving tone to the digestive organs.

They are highly recommended as an invigorating tonic to mothers while nursing, increasing the flow of milk, and for convalescents, to restore the prostration which always follows long-continued sickness, they are unsurpassed. No household should consider themselves safe from the ordinary maladies without these invaluable medicines. They can be obtained of any druggist. TTSF

Trade Licenses.

It was advertised in the city papers that all business men requiring State licenses should have had them on or before this date. Notwithstanding the notice given more than one-half of those who should have procured licenses have not done so. It is a very unpleasant business to put people to unnecessary costs and trouble, but I will have to give all the licenses not taken up into the hand of Aldermen, in a few days, for collection, as I am directed by the State authorities.

S. ALLINDER, City Treasurer.

Remember the sale of dry goods without regard to cost at the Masonic Hall auction house of Smithson, Vanhook & McClelland, Nos. 55 and 57 Fifth street. The firm have determined to withdraw entirely from this department of their business, and hence no respect is paid to the original cost of goods. Never before in this city have such unusual bargains in dress goods, housekeeping goods, sunshades, parasols, quilts, spreads, rugs, mattrasses, &c., &c., been offered, and those who fail to attend will miss a glowing opportunity. We feel that we are unable to impress in strong enough terms the importance of our readers laying in a full supply of such goods during the continuance of this great sacrifice sale.

A Grand Social Pic-nic will be held at McFarland's Grove, for the benefit of the poor, under the auspices of the Society of St. Vincent De Paul, St. Pauls Conference, on July 4th. Dinner and admission tickets, 50 cents; admission to the grove without tickets, 25 cents. Trains on the Pennsylvania Railroad will leave the Union Depot as follows: at 7:50 and 11:51 a. m., and in the afternoon at 3:05, 4:00 and 5:10 o'clock. Returning trains arrive at 2:15, 5:50, 7:15 and 9:30 p. m. The Oakland Passenger Railway cars run to the grove every half hour. 3t.

High Grade Flour.—R. T. Kennedy & Bro. have received at the Pearl Mill, Allegheny, their first shipments of Tennessee wheat, and will henceforward, as elsewhere advertised, be prepared to meet a large expected demand for their high grade Pearl Flour, with sealed brand, a sample of which may be examined at the GAZETTE office. This flour is of rare excellence, and is destined, in the shape of loaf and roll and biscuit of snowy whiteness, to gladden the hearts of host and guest in many a home in city and suburb. We say this advisedly—having seen and tasted.

The Ross Street M. E. Church Fair and Festival, held in Lafayette Hall, Wood street, with its abundant supply of ice cream and strawberries, still continues to be a center of attraction. Voting on the different articles displayed, partaking of the refreshments, or promenading through the hall with a friend seems to be the order of exercises, and from the zest with which they are engaged we judge that a very pleasant evening may be spent in this manner.

Wm. Semple, Nos. 180 and 182 Federal Allegheny.

Gratefully acknowledges the very lib patronage bestowed on him by his frie and a generous public for so m years. It will be his endeavor in future as it has been in the past, to m their wants, and merit their contin patronage and confidence. On the fou of July, the store will be closed during entire day, but in order to accommoc his numerous customers, it will rem open on Thursday and Friday evenings 9 o'clock.

On and after Monday, July 6th, till S tember 1st, the store will be closed a o'clock in the evening, except Saturda when it will be closed at 9 o'clock.
